No 261. The 1870 California 1/4 eagle was lost in New York; how much shall we pay you for it?

We charge 25% Commission for selling, as the coins sent us are too high and of too low an average for 20% to pay us, we made a careful calculation found 20% would not pay us. We always charge 25% for all small lots. We did so for the Galpin Collection which brought about $[illegible] and he expressed himself as highly pleased with the results.

[illegible]

[illegible]

[illegible]

Had it been your entire collection containing rare pieces we would have charged 20% as the average would have been higher.

We have gone over the accounts very carefully comparing it with the memoranda & we hope you will find it correct.

Trusting everything has proved satisfactory and thanking you for placing the coins in our hands, we remain

Very Respectfully

Dear Friend

We called at your office on Saturday last about 3 PM but you were not in. We wish to obtain your opinion of a shekel; we left it with Messrs Baugh & Co with the request that they deliver it to you, if they have not done so would you send over there and get it with us your opinion as to its genuineness or falsity.

We pronounced it a counterfeit by casting it from a corroded specimen.

Send it and the two pieces handed Mr Morgan to Messrs Baugh & Co. Please write us soon. Stamp engraved.

Very Respectfully
J. H. & H. Chapman

Had it been Jones, Brooks & Co. collectors, or Messrs. Ward & Co. or any other firm, I do not know how I should have replied.

The honor you do me in consulting a humble individual with the greatest confidence, I feel that I am still young in years.

Considering everything, the honor, duties of my office and therefore my office requiring the power to be exercised, I am respectfully

Your Obedt. Servt.

Thomas Warner Esq

Dear Sir.

Your letter of 21st to hand.

We have your collection sorted and arranged and have made an estimate of the number of lots which we find is 3700 counting the Masonics as making 400 lots: it would therefore take 6 days @ 600 lots a day to get through. As yet we cannot tell whether there will be 10 or 12 plates, Circulars ready now. Thomas and Woodward we have nothing to do with, and anyhow they are of very little account. F in all his actions is beneath contempt and seems to be despised by the other dealers. All the others friendly.

We think the best way to dispose of the Masonics is as you suggest in letter of 21st. Will look up the rarity of the Dimes 1839 &c. Have subscribed for Mercers Directory, circulars will be distributed in all directions.

Box of Coins from Lord rec'd. Your proof sets begin with 1860, we have 1859 set complete @ $6 sold for $650 at Ely sale; it would be well for you sets to begin in 1859. To prove to you whether we can get more than Thousand, we need only draw your attention to his article in Numismatic review on Pillow sale - which was we slaughter - he quotes 1793 "Imperior" tokens which sold for $76 at our sale March 20 while his sold for $23. Ely sale, total $7,555.

Having large payments to make July 1st we would be obliged if you would send us balance due $90.00 by the 28 inst.

We can sell for you 1880, 1881, 1883 proof at 15 each for $4.25 & $12.75 nett, you have duplicates of these years, they sell in sets from $4.50 to $4.75 each. We have in stock the 1792 Silver Center Cent, the finest known of the 5 price $120. the one in Ely sale had a false silver plug inserted and was therefore of no account. Two of our best and largest buyers are waiting for the sale of your coll.

Very Respectfully
S. H. & H. Chapman.

PS.
Please send on the Masonic Medals as we wish to see how many lots they will contain.

Does Dr R Morris agree to leave it to Merriam, we are willing to do so, and want it decided between us and Dr Morris as to who is right.

F. E. Newbury Esq
Dear Sir.

Your letter of 28 rec'd.

We do not see how we can make it any plainer to you as the figures are very simple and clear if you cannot understand them why how are you to be made to?

You keep saying it is not right, when if you will only look at it or hand it to any bookkeeper you will see it is all right.

If you will read this explination of the $7.75 - $7.15 matter, carefully we do not see how it will be unintelligible. The $7.75 we did allow you for some coins, of which account 60¢ was for some four cents not in question and $2.10 not you offered return the set and we take those cents, put them back in the set and [illegible] allowed, leaving the amount purchased from you $7.15. We would have deducted the set returned @ $1.50 not $2.10.

The balance of $3.45 due us comes in on the boxes @ $10, 181 cents and express charge 20¢. You know you never sent any money for those and the coins purchased and it $7.15, which occasioned the balance.

All this trouble has arisen from your way of returning some, keeping others afterwards in them and sending coins not belonging to us. - Other different complexion of same thing.

The account $3.45 is due us, and for goodness sake pay it and stop all this trouble.

Please remit by return mail.

Very respectfully
D. H. & H. E. Chapman

R. Chase, Esq.

B. H. Collins, Esq.

Dear Sir.

Your esteemed favor of 28th rec'd also the stamps.

We are sorry they are not printed in the colors in which they were used - a matter which would have increased their value and interest - a few are in the proper color but the majority are not. We do not know how much to offer, as there is no sale or quotation to go by; if they were perforated and in the true colors we would then have no trouble in arriving at the value, but as they are not we are at a loss to know what to say, so would ask you to see what is the very lowest the gentlemen will sell them for. $100 seems high.

While they are in our hands please do not have anyone else written to. We were offered and caught for $20. a complete set of proofs on card-board of the Newspaper stamps up to $60. all the departments up to $20. Stat. all the regular issues of postage 1847 to 1880 inclusive, carrier and the 3 large Newspaper stamps also a few odd proofs.

While some of the stamps command high prices yet a proof of same stamp is not so highly prized nor will it sell for anything like the same.

Are the stalls destroyed? & would it be possible for more to be painted?

Mr Ebaugh writes saying he gave you bills for Nasbitts sale to send us but we have not yet rec'd them, however if they have been sent here at New York they will be all right.

We desire to thank you for the trouth good care taken & kindness shown us.

Very Respectfully
Geo H. Chapman.

Could not write this Dept and do not know if the

The Philadelphia Company? would it be possible for Owen to be present?

Mr Everett wrote saying he gave an hour's attention each day to Mr Owen's work & seemed very much interested in it. We had no news of Mr Owen for the mail last night. Mr Owen's address is Mr Owen for the Fourth Ward Close Lyceum New York.

Yours Respectfully

Dear Sir

Your two letters one of 26 enclosing check for $75.00 duly received. for which we are obliged.

We have Warrinas work. Bushnell catalogue had 12 plates. We would only put the sketch in with Dr Morris's Express statement and state that we knew it to be false. — think the best not to put it at in; if he will agree to leave it to Mr Recorder to decide as to which of us is right, we will then ~~give~~ it to Mr Recorder to decide. Nothing will appear in the catalogue of a personal nature.

If you take the 1793 silver cents $120. cash, we will make good any deficiency there may be in what it brings under the $120. it will be a good card. Circulars are in the hands of the printer, so answer by return mail and we will mention it in the circular.

Will sell 10 copies of plate $4 each = $40.

Mr. Collet,

We have been endeavoring to sell the Petersburg working on the price agreed upon $150. nett to us, and have found it a difficult matter to dispose of, the demand having lessened in the last 6 months.

One well informed gentleman told us that they could be purchased in Europe at a much less price than a year ago and that there were more on the market.

We have not sold it, but if the price was low enough we might purchase it ourselves, so please inform us what is the lowest you will take.

Dear Sir.

Your letter of 26th received

Our mode of doing business is to have one price and that as low as we can. This rule we adopted when beginning business some years since and have found it to be the most satisfactory way to both buyer and seller.

We cannot accept your offers.

No 2 your offer of £ (Eno 111 for guineas) this we accept as it is the price asked. We have a very fine Cromwell Sheeting £10.– but it is not as fine as the one you have. Will send it on approval.

Dear Sir

There is a balance due us for goods sent you No 22 on September 22/83 and for Brian Regis sent 12/4/83 amounting to £18.50 and this was to be settled 3d/90 or 75 on the transaction of Oct 8/83. making total with duty £19.25 we have waited on your promise long enough and would request you to send the full amount by return of the mail.

Collectors seem to sometimes forget that the dealer has to pay for his goods and thereby put him to inconvenience. We made the price low on the Brian and then it settle the matter as you requested, put in the 18.50 and 75 cent for nothing.

Please do not disappoint us and send the full amount as requested.

Very Respectfully

Dear Sir.

Your favor of 12th received as also the stamps, which were a disappointment as we expected they were a set of the U.S. Match & Medicine stamps that have been issued but they are as you say only those that were in use when the law abolishing them went into effect.

Why on earth did he fold the large or long stamps to get them into those small envelopes, and it was not a mere fold but crease and in many instances break and that unfortunately in the scarce stamps, he ruined them and it will depreciate their value: however with one or two exceptions they are only the most common of the revs. which retail from 1¢ to 50¢ (month 5¢) and which can be bought for much less than catalogue rates.

Paterson Brotz & Co ordered and we believe had printed about 75000 of their stamp, so it seems impossible for only one to have been saved from this vast number; can it be a fact?

What is the gentlemans price for the lot? and does he wish to sell each individual stamps?

6c ... one 18¢ 7 dime proof @ 2.75 same as the Muslins where it sold for $3.20. Have 1860

Dear Sir.

Your letter of 16 rec'd.

We could not use the clamp at $50. and will return them Monday.

If the gentleman would sell the Cook & Bernheimer, Lieds & Robinson Van Riper & Co and Paterson Roty & Co fillers let us know his price either seperate or as a lot.

If owner wants $12 and would not accept the offer of $10 for the shield of currency why then let him keep it as it is full retail price.

It is funny how matters come up, why it is only a few days since I was thinking of letting Mr Hazelline a copy of Veatch book, ~~but~~ the one you describe, but being very busy & hurry could not go down to see him about it, however your note will be kept confidential. If Hazelline will give $8 for it we will make you a present of the $5 & give brilliant proof and you can write him to get it from us. or we will send it to him on your order. What say you?

Dear Sir.

We wrote you on the 11th asking you to remit us the $19.25 we owe and have not received any reply or remittance which to say the least of it, has very much surprised us.

There was very little profit on the pieces sold you and to get the cash and settle the matter we acceded to your proposition and then even, you did not pay.

You will please remit us the full amount without further delay. Oblige.

Yours Respectfully

Thomas Newsley Esq

Dear Sir,

We duly received your letter but have applied ourselves so closely to cataloguing your collection that we do not seem to have time for anything else.

Everything is progressing satisfactorily. The catalogues are selling well; we have ourselves received outside (not including our own) for 20 plates at 30 net price & 15 at that price, to date, total 65 and orders arrive by every mail. We have sent out 400 circulars and sent about 100 to the other dealers. What a beautiful waste it would be to send out the catalogues free!

We have an order from the Grand Lodge of Iowa for a plate catalogue.

Mr. Parmelee in ordering his plate catalogue stated that he would in all probability attend the sale.

Mr. Lumpson and all the regular dealers are friendly.

We note what you say about the shekel. It is, in our opinion, as already stated, a counterfeit by casting, and we so pronounced it upon the first examination, and we have been corroborated by Mr. Feuardent; but it does not require, we might say any expert opinion, as (since we wrote last) we have weighed it and find it to weigh only 184 grains, while the average weight is 220 gr. vide Madden, p 282 and De Saulcy No. 219 gre and a specimen which we have now in stock, 220 gre. Your half shekel is genuine and weighs 105 gr, tho' it has lost a flake off the edge.

We will, if you desire, send our shekel and yours to you and you will at once see the difference. We have had this shekel and a half shekel for over a year. Your piece has not been worn or damaged and the difference in weight can not be thus accounted for, but, tho' of the same size, arises, from the density of the metal between a struck or compressed and a cast piece.

If he does not redeem it we will catalogue it under the heading of counterfeits.

The Greek and Hebrew, Early Roman and Consular coins have been catalogued by me for who is now engaged on the Roman Empire.

The Chinese, Oriental, British Colonial, and many European coins have been described by the other.

The sale will make we ~~the~~ estimate about 3600 lots or a little over, thus getting it in a six days sale, but the average for lot will be low as there are very few ~~in~~ cost piece and few over five dollars in value.

We are doing the utmost possible to make the sale and catalogue attractive and believe it will be very interesting as we are getting more fine and rare than has ever been done before in the country in attributions.

Are you aware that the Canova medals are not originals? We rather suppose you may be, as we remember you valued them at $70 ~~apiece~~, when they would be worth in any time that if genuine. Upon examination, we pronounced them, in our opinion, reproductions; and about two months ago took them to New York and consulted Mr. Frossard, who, without our mentioning where they came from or the owner's name

The Short and Medium Early Flowers and Perennials omitted have been substituted by me from the so more unprepared in the Flowers displayed.

The Shrubs, Bulbs, Tubers, Tuberoids, and various Succulents given have been measured by the Mission.

The scale will probably be enlarged about 3000 feet on a little more, then getting it on a big page, but the average for it will be low as there are very few short flowers and low growing Mesembs.

We are leaving the coloured Pencils & marks till such and perhaps altogether and doubtless it will be very indistinct so low as to be almost lost in the mass. Time was I have seen this done in the morning in Matabeleland.

I do not know what the Governor would do but probably! He rather surprised young Lord Gifford by giving a reduced Plan at 72 [illegible] when they wanted to know the price that it possesses. Other gardeners, professional otherwise and amateurs, and what has [illegible] and [illegible] & Mr. Bell and Gardener to Sir [illegible], [illegible] and [illegible] [illegible] [illegible] [illegible] [illegible]

pronounced them false; those with the artificial patination he recognized as the work of a Parisian who makes and sells them as copies. After the article in the American Journal of Numismatics was published, he criticised it in the Art Critic, declaring them not genuine. We did not remind him of this until after he had given his verbal opinion and when we told him they were the same pieces, he was pleased to see how his judgment ~~from~~ formed in the photograph was correct; and it certainly was a great test.

M. Gaston L. Feuardent loves his profession and devotes his whole mind to it, thereby acquiring that innate knowledge necessary to form an expert numismatist and antiquary, and which we know of no other person, may we except ourselves, in this country, possessing. Others have merely a knowledge of the dates and conditions of modern pieces or, without a knowing the coins, extract their displayed pedantry from obsolete works of the 17th and 18th centuries; and have no real interest beyond the money they can make.

We cannot find the description of that Church token in Newcomb or of the hobby horse piece in the Cabinet of Numismatics. Can you?

Commissioner Adams replied; stated with the satisfactory information he accompanied as the result of his interview with Gordon and said Adams as opinion. After this notice on the Commissioners proceed to Commissioners were furnished by an interest in the Sub Editor, respectfully return and presence. We did not recommend those of this month after the first person the needed Commission and refer on total those they were the same person, he was pleased & we have his judgment upon proceed on the Historical was recommend it unfortunately were a great lot.

Mr. Gordon & Secretary have his Instructions and therefore this public interest & it strongly requiring that mutual knowledge necessary to have our subject communicated and confirmed, and it would be the honor of our State Department as great measures, no this country Commissioner. Gordon then mutually a knowledge of the data and conditions of our Indian Territory without a commission, subject to this distinguished Gordon for from whatever matter of the U.S. and the Commission; and those is said interest Department this necessary thing our Gordon.

He concurred Gordon the Commissioner Editor Gordon letter in Commission a of the Lodge have a place in the Office of Commissioner Company

Oct 27th.

Yours of the 24th was duly received yesterday.

The Wood catalogue is very bad, in every way, the type used is too large, the arrangement absurd see the Washington by size, and it has been ridiculed by everyone; and the sale is a slaughter as was the Pillon. We did not send out the catalogue either.

Mr. H.C. Jr. was there on Monday; the sale went apparently well until it was remarked that Sanford was buying everything, when a great outcry was made that Wood was buying everything in, and several left the room and left before the sale was over; but brought the C.C. & W.S. for 10.25 & one other Farne for 5.75 letters the W. go at 6.50, Bechwell $31.

Pillon and Wood have both proved that they owed 5 per cent commission and lost 50 to 75 %.

Medals are catalogued by F. in the Wood as electrotypes which are certainly genuine. One of us is attending to day and to morrow to watch things.

Yours Truly

Dear Sir

Have received your order for a copy of our catalogue of the Numismatists. If you have not already given your order for a copy of our catalogue, we would be pleased to supply you.

Will you please inform us if you have or know of anyone having a Charles Carroll medal in silver, and if so how many are in your care of? We wish to know how many can be traced.

Can you inform us for what event the medal of which we send a rubbing was struck. It is by Hobby regarded as in silver.

We know of 3 Carroll medals in silver. Was the one presented to Carroll gold or silver?

We have many fine and rare coins in stock and should there be anything you wish - we would be glad to know it.

Very Respectfully.

S. H. & H. Chapman.

P.S. The medals of Carroll in silver which we know are all in this city now; - one the Coll of Mr R. C. Davis both of which came from Col Cohen and from him from the Lee Travis family - and the other is in our possession.

Thomas Warner, Esq.

Dear Sir,

The orders for the catalogues of your collection are coming in well; we received orders for four this morning one of them for a plate and the total is now over 100 direct to us.

We enclose two of the letters, which after perusal please to return. Mr. Crookshank shows that Sampson has sent out the circular and we paid him when last in N. York two dollars for postage on 180 which he said had been sent out.

We had subscribed to Mercia Directory and have sent circulars to all the names, many of which we already have.

Mr. S.H.C. is to-day able to begin to attend to affairs.

We will probably have all catalogued by the end of the week. It will then take several days dressing mss. arranging and numbering.

Yours Very Respectfully

Dear Sir

Your several letters were duly rec'd also [illegible] of coins rec'd, ~~balance~~ balancing of the debts. We have decided to grant you the discount on the catalogues of the Warner Sale provided more than 5 copies are ordered.

Enclosed (per mail and by other mail) are some of the blank circulars which you can send your customers, should the number sent not be enough please inform us.

When sending you coins on approval we have always endeavored to mark them lower to you than to a person who collects only, and cannot make any reduction on the prices of last list, of which if you as desire it we can send list and you can order.

One thing persons are apt to overlook is the fact that the dealer does not get his coins for nothing or almost so low in price that he can sell them at a profit and yet have them moving every day - on the contrary he has to pay liberally for his coins and not unfrequently sells at a loss as so sometimes our readers.

Very Respectfully

Dear Sir.

Your favor of the 8th enclosing 1796 ½ cent rec'd & rec'd.

We ourselves thought the price high but it was very near cost to us

F. E. Newbury has bought coins of us, and we thought we would like to know what kind of a person he was.

You might see of his collection, & purchase for us and, if prices suits would purchase.

Our stock is now very fine and extensive and should there be anything you want would be pleased to know it.

R. F. Lindsay Esq
Dear Sir.

Your favor of 22nd duly rec'd.

We owe you an apology for not answering Esq this sooner. The reason for this long delay has been caused by our close application in cataloguing the Warner collection.

We looked up the silver medal of Little which you p. dia at Dorman sale and never we did not [illegible] it, and think you must be mistaken in your [illegible] to see it & gilt edges, as we looked the coins very carefully. No. 6, [illegible] the No. 809 was only fair and we think as Mulligan catalogued his as "fine" that it could hardly be [illegible]

No. 21 Manfelas sale [illegible] catalogue as of fair, too much for it and [illegible] have been described.

No. 23) [illegible] to be counterfeit.

No. 222, 223 & 224 we purchased and you can have them at cost of your wish.

No. 6 was knocked down for 42 cents at the sale, but Barry's credit this lot as 2.52, we drew their attention to the error and they have kept putting it off and off & not being able to clear it up they now want us to keep the unit as they [illegible] to do

183

We have opened a credit with the number of 120 dollars
equal

This was sold as cheap if not better than others have sold in our
trade and reality.

In regard to your charging 25 p.c. we do not see
[illegible] that we have entire collection in world
[illegible] had 25 p.c. for it would have consumed
[illegible] expense. Taking average [illegible] as it was
this would be very fair. If we worth [illegible] cash at
25 p.c. we would only make about 25 on your part of the sale
which would not pay us. However no one will be dis-
pleased with the result of a sale placed in our hands and
if you still are in waiting to have it 25 p.c. we will send
[illegible] check for balance.

Mr. Gaylord paid us 25 p.c. on his coll, which amounting
to [illegible] for collection. 25 p.c. is our regular charge on all
to be given back to owner.

With [illegible] your figures in a pkg we will try and get [illegible]

would be pleased to have it.

Everett Donner, Esq.

Dear Sir

Enclosed please find copy for the Carrara Medals; is it satisfactory and should we put them on a plate.

As Mr. Catt says they have been illustrated and are not originals, better pieces can be found to put on the plates.

Manuscript went to the printer on Friday and we are almost finished cataloguing having only the Masonics, Relics and books to do.

We have a very fine 1796 ½ cent price $80 (cost us $75. cash) would you like to purchase and put it in the sale? It would probably bring you its cost and a profit as it is almost as fine as the one sold in our March 25th sale, 83 for $126.

Catalogues sold to date.

Mr L. Cotter. &c.

Dear Sir

Your favor of the 7 received & Mr H. C. did not make a list or estimate of your collection, we could not say what we [illegible] for them without again seeing the pieces.

We would like to have the selling of them for either at private or public sale in the latter case we would issue a neat catalogue with plates adding some pieces and making a choice small coin. We think by this means we could secure you a good price for your entire collection, and for this service we would charge 20% commission, charging collectors only for the plate catalogues as making no extra charge to you for them.

In packing the coins roll each piece in two pieces of linen paper so they will not rub against each other or get damaged. If shipped in the rolls as I saw them last summer they would be very likely to be injured.

Awaiting your reply, we remain

Very Respectfully.

S. H. & C. Chapman

Mr. Bierstadt,

Dear Sir,

We are about to publish a catalogue of a collection of some 100 copies of which we to be illustrated with autotype plates, great size, 10 to 12 in number, the actual size of finish 7 X 10 inches and we desire to know what you will do the plate ~~work~~ work for, we to furnish the mount and medallion upon boards of suitable size; when you could have and finish it, etc.

We have published several catalogues illustrated with phototype plates by Mr. Goldsmith and one of the same size and number of plates as this.

The work would have to be completed within three weeks.

Please to reply by return mail.

Yours Truly

S. H. & H. Kaufman

P.S. Please send specimen of your work. We had a copy of a cat. by Mr. Smith with 3 pl. but after our house search fail to find it.

Dear Sir

Your of the 5 received, with order for medals amounting $1288 rec'd. Thanks.
We have laid aside the medals etc ordered, and would request you to remit for them this week.
The dies for purchase No 1047 at the sale but having the same in stock quoted in No 1048 was the French Lincoln.
Given the circumstances we make you the following special price in the Carroll in silver — $7.75
Clay, Rev. SENATORS — $7.12 — for the three.
Lincoln N.Y.A.S. Fair —
which price we can assure you is less than it would sell from others. Bushnell's Carroll in bronze sells for $5, and the silver is worth twice what the bronze is.
We are sorry to hear of your indisposition and hope you will be all right again soon.
H. C. J. went to N. York Tuesday to attend Simpson's sale and was sorry he did not meet you, however your telegram and the day made a satisfactory explanation.
You have had a rough time of it with your cat and we pity poor Tony for you.

Your favor of 21st enclosing coins rec'd to amt of $ rec'd also 1795 $ and 1796 $ price.

We could not use either of the last named pieces and will return them on hearing from you.

You owe us $12. and we will give you $25 cash for the 1796 $ eagle which is a good price for a dealer to pay for it. This would leave a balance of $13. to be sent you.

Please let us know if this satisfactory.

We made a reduction of $8 on the two pieces you wished us to select for you and think you could do the same by us on the $ eagle.

Should this offer be satisfactory to you, we would pay $100, cash down and ask you to wait until after Warner sale takes place for the balance as we have been purchasing very largely of stock for cash.

The 1838 gold is only worth its face.

The offer of $243. includes everything except the Confederate notes and Indian relics and fossils.

Dear Sir.

We have made an estimate of your coin and find it will take to do it $245.— be expressage charge $5.

It is a difficult matter to say what these $25 bags were charged by for the work and there is a large proportion of the silver which we had to take in at face; the 1/2 trade dollars we added in @ 90 cts what they are selling for here. the foreign silver with but very few exceptions was only worth it bullion value and we sold it for $23.65 as follows.

Dear Sir

The sale of the Warner collection takes place June 9, 10, 11th, 13, 14 & 15th and catalogues will be ready on Saturday, but fearing that would not allow of sufficient time for you to send your bids, we have taken off press proofs and send them by this mail; please pardon their unfinished appearance, for the cover, title page preface and index are yet to be printed.

You will find quite a desirable lot of coins in the coll, and we believe correctly described

We shall be pleased to receive your bids which will receive our attention. Send them addressed to us in care of Bangs & Co 73 Broadway, New York as we will then get them a day sooner. The coins in American sales are sold at so much each piece no matter how many may be in a lot, so please specify clearly how your orders are to be executed

Hoping to receive a large order from you, which we feel confident we can execute to your satisfaction, We remain

Wm J. Jenks Esq.

Respected Friend.

The letter of 8th inst. having check for $[illegible] in full payment for the Medal and Tr. Medals, for which please accept our thanks.

The reason I used the words "not yet" was on account of they saying they would send it on 7th day, and I fear it might have miscarried. The letter was written in haste, being recently busy over the Mariner catalogue, and I hope it was not in any way offensive, for it was not meant to be in the slightest degree.

Dr. Cogan will yesterday from Newport with purchases of over $[illegible] from Author Dale, and they are a really beautiful selection of Ancient coins; we should be pleased to have thee call and see them.

Have some bids already and think the sale will be a success. 377 catalogues are displayed of which is more than of the Bushell at same time.

In regard to giving catalogues to the press we think there should be some concert of action as we do not wish to antagonize; send us your bid before sending out the bill.

No occasion to send out any more posts.

We have wrote our wholesale house to advance the middle of December, and will leave it to you to pick from success.

Dear Sir

On Saturday we sent you an advance copy of the catalogue of the Mercer collection sale June 9th 1874 and hope it will arrive safely.

There are a great many rare coins in the collection and we would be pleased to receive your bids.

Should you desire to purchase to a certain amount you could send bids for say three times it, and then if the lots fell above your bids you would have a better chance. As it is but a dozen or otherwise and few a lot are displayed it might be of some service to you that if you wish to purchase more than 150 dollars worth and second a larger amount we would hold them for you or give you 30 days credit.

Very Respectfully

E. Peterstadt, Esq.

Dear Sir

Plate I, VIII, X, XI received.

Plate I we accept, but the others are miserable, Plate VIII is too indistinct all over, the silver piece No 2029 would show finely on both sides No 2035 and 2036 should show far better; give them more light directly on the surface.

Plate X is indistinct, weak and invisible as No 2615 & 2645 the 1794 Dollar should be finer; grease the surface where the surfaces are photoing and reading too much light No 2668 has taken beautifully on account of being greased the 1829 ½ dime is No 2929 1837 is 2938 1842 is 2943 1853 is 2954 they are in their right numbers but were wrong on the plate.

Plate 81 is too indistinct down the right side and on the ½ cents at bottom, try more light on the faces, No 3214 on plate should be numbered 3215.

When a plate is made the second time from a negative it does not seem to equal the first.

Please do us proofs as quick as possible.

Wm H. Smith, Esq. Administrator.

Dear Sir.

We herewith respectfully submit our propo— t ... you on catalogueing and directing the sale of the collection of coins and medals of the late Wm H. Smith, Esq.

1st Our usual charge is 25% on the gross proceeds, we paying the auctioneer's fee, but on large collections containing fine pieces it is 20% out of which we pay 7½% to the auctioneer and he pays for the advertising in the local papers before the sale, leaving us 12½%; and as you require the collection to be placed in a bank vault which costs ½ of 1%, we be at the expense and loss of time going backwards and forwards thereto with each series of pieces each day as we catalogue them and we are to pay for the advertising in the local papers which will cost probably 1%, our charge would be 14%; and really after paying expenses leaves us very small remuneration for our work.

2nd We will catalogue the collection in the best manner and will describe the Ancient Coins in the style of those in the Warner catalogue.

3rd We will print (750) seven hundred and fifty copies octavo, on

Your favor acknowledging receipt of catalogue received, and we thank you for the compliment, which is very gratifying to us.

We cannot find one of the lists you sent us, but of those who have ordered we think the following might have been persons you sent us the names of.

E. M. Fowler, Wayland, Steuben Co N.Y.
C. D. Seely Hartland Niagara Co N.Y. } Catalogues forwarded to them by us

We will send one of your plate catalogues to Henry W. Cleveland Louisville Courier Journal. Louisville Ky.

We shipped you 49 in box and 1 by mail — 50 catalogues @ 50 $ 25.00

They cost us between 75 and 1 each so that this will be satisfactory. The catalogues are going to be worth more than the subscription price and it might be well to see that they get into hands of persons who will appreciate and preserve them.

Over fifty dollars worth of plates after being finished were not entirely satisfactory to us and we are having new negatives made which is the cause of delay.

We are very sorry about the error on p. 46, suppose Thomas was running in my ~~mind~~ head, however one wrong is counterbalanced by the right on No 2390 which I only made it right. The catalogue is positive and authentic

Dear Sir.

Your favor of 14th inst.

In answer to your inquiry as to cost of a specimen of each denomination of the U.S. each to be of the year of coinage, we would say:

Double Eagle first struck in 1849 and we have one specimen struck from the die in gold which is in the Mint cabinet, but it may be considered as only the pattern and that of 1850 as the first regular issue, they are somewhat scarce and a fine specimen commands from $22 to $25

Eagle 1795 first year, the coin we can supply from $18 to 25. each pt. ... a fine example of it in Mr Wurster's collection which we are going to sell at auction June 7th.

½ Eagle 1795 first year, and well from $6 to 15, we in Warner sale $3 gold. 1854 first year, can supply very fine @ 3/5 and uncirculated at $4.

$2½ 1796 first year and it is very difficult to get one but they can sometimes be had @ from $15 to 25 for one without stars and with stars from $25 to 75, have sold the one we offered you.

$1 gold. 1849 first year. Can supply at from $1.25 to $3, the type changed in 1854 of which we can supply both designs @ from 1.50 to 3

Dear Sir,

Your favor of 17th inst. is

We are astounded at your sending ten (10) copies gratis to Trossard. What will the other dealers and collectors say if they hear of it? All we can say is that it should be by all hazards covered up and the other dealers not let know of it, inasmuch as Trossard is delighted at the chance it has given him to barney us and the sale.

As others pay for their catalogues it is wrong that one should have them free (though you pay for them: the cost is double what we charge)

He is not a ~~regular~~ regular dealer.

It is [illegible] to see a Trossard will no doubt the [illegible] make bad [illegible] among the other dealers and collectors!

If not to all please do not send [illegible] if you [illegible] if possible.

He may send [illegible] to collectors (who have already paid) [illegible] dealers) with his compliments stating that he was

given them free, and where will this trouble end?
Froissard has not been refused the catalogues by us nor has he applied for any; his order for Bushnell's sale was 3 plates, 2 plain and price list and 5 plain - $1.00 you see he was not a large orderer.
Mr Belcrianus is not a dealer in any way nor do we know of his taking beds, he is always friendly to us and we do not see why he should have any cause or reason not to wish the sale success.
The stone cameo bracelet is in lot 2082. The frog we informed you in our letter of the 12th had been forgotten and left out. The 1852 ½ cent was only a cent in lead.
Antiochus VIII et Cleopatra you state probably in poor pcs, we not remember it, but suppose too poor to be of any value.
We always stay at Grand Central Hotel, Broadway opposite Bond St, & above Chester.
We are now fully occupied putting the pieces in their envelopes and it will take us 2 weeks longer.
We are hearing a good many collectors praising the catalogue
The catalogue and auctioneers fee the have cost us

more than the conversion will account to, We have spread out a large number of pieces that ought to be in lots, to please you by making a large catalogue with a great number of varieties.

The delay in getting the plates out is caused by our being very particular and trying to get a satisfactory plate of the cents.

There are but 50 plain catalogues unsold and these will have to be kept for collectors.

Mr. Jackman Esq. I received yours of the 18th inst. Dear Sir. Your postal card of the 19th was received yesterday. The length we have answered your letter fully and now cannot find it. The best we can send is at the price of $23 for 1886 $25 for 1887 $25 for 1888 & for the best $32 Under no circumstances .65 for 1887 .50 for 1888 If we find other will let you know fully. The $32 proof price, would be rather and probably dull although and conditions and pieces? Awaiting your reply we remain. Very Respectfully Chas. M. Stephens

A. N. Jackman. Esq.

Dear Sir.

Your letter of 18 received and we must ask you to pardon the delay in answering which has been caused by our ~~[illegible]~~ being so fully occupied getting out the Warren cat.

The plate catalogue we hope to be able to ship to-morrow.

Will send 1884 small proofs in 8 days.

23 is not a large price for the Standard Barry 3 piece we have on in stock C40. If you will please compare the piece with the Bushnell plate you will find it to be as described and not "poor" It is an utter false rod on Mr Woodwards part. His reason for quoting it is probably his trying to get more for his and then to accomplish the desired effect he belittle the Bushnell specimen, and he has never got over his jealousy of our having the Bushnell sale. We have a finer one than Woodwards C40. it is extremely fine on impression and toned.

[illegible]

There are a great many fine and desirable coins in the Warner sale and we will be glad to receive your bids; which you can rely on being executed in an accurate careful manner.

The plates of Colonials are not as to their justice as they are always a difficult article to get a photograph of being of various shades of color.

The old and fine collections have been disposed of to such an extent that there is an opportunity, which is not likely to occur soon again.

Should there be any item about which you wish more particulars, please advise us.

Hoping to receive a large lot of fine bids, we remain

Very Respectfully,

G. H. & H. Chapman

P.S. The plates of cuts and colonial do not as the pieces indicate but after about to trials the plates sent out are the best that could be made; for the reason of the various shades of color which do make it difficult to get all uniform.

L. H. Cox. Esq.

Dear Sir,

Your letter of 24 received.

You evidently misunderstand us entirely.

1st In sending catalogue case of Mr Mehl our object was merely to have the catalogue arrive in better shape on account of a larger pkg and to save expense, also that it might not be delivered to the wrong party. we did not know your express address and we were afraid

2nd We had not the slightest idea of in any way doubting your integrity or responsibility - which you will perceive by our ordering Mr Mehl to hand it to you and for you to send for it.

3rd Both yourself and Mr Mehl stand well and we must say we were never more misunderstood than your thinking we doubted your honesty, we do not.

The plate catalogue contains (12) twelve plates and is $5, this includes express charge, a catalogue price list to be sent after sale. The plates are very fine and you can see one at Mr Littles 123 Powers Block. We will be glad to have your order for one.

Please advise me if this explanation is satisfactory

Dear Sir.

Please accept with our compliments the enclosed plate catalogue of the collection of Thos Hamer Esq.

There are an unusual number of interesting rare and valuable coins in this great collection and as all are to be sold it affords an opportunity to add to your fine cabinet which should not be missed.

The desirable coins are so numerous that we would ask you to examine the entire catalogue as they appear in nearly every series.

The sale takes place June 9 to 14, and we would be glad to have you and see a large lot of bids.

The plates of Middle and Cent do 1794 dollars do not do justice; they are pieces of which it is always very difficult to obtain a fine plate.

Hoping to hear from you soon.

We remain

Dear Sir,

Please accept with our compliments the enclosed copy of the Hanover collection catalogue, due June 7 ult.

Give us as good a notice as you can in the Boston State Philatelist.

We would be glad to receive any bids you may wish to send.

In giving notice you had better state that the catalogue is charged for, as otherwise some one might write for one thinking it free and extending the 30d.

Very respectfully,

A. H. H. Chapman

The sale is one of the finest and finest that has ever been offered.

Dear Sir

Your letter of bids for Warrenville rec'd.

Many of your bids will fail to secure the lots and we take the liberty sending about what we think they will sell for, the lowest figure being what they are almost sure to sell for and the highest that they are worth if to that suit. We will execute your bids at Warner sale on the following terms; send a deposit of $10, if bidding to your order will be equal to nothing to purchase before sale and we will send coins after sale by express C. O. D. or hold and notify of amt of those purchased.

The return list marked with lowest and highest price, the former is what they are quite certain to sell for and are worth up to the latter amt. the safest way to bid is to send highest limit or near it and we will buy as low as we can for you.

Dear Sir.

Your letter with bid on the Silver cents was received, and for which we are obliged. We shall endeavor to purchase it for you but fear it may sell higher than $100. Mr Garrett of Balto. has not got one and it is about the only pattern he needs to fill up his set of the first designs (of course he needs the 1792 cent eagle on a log) so we expect he will bid for it.

Mr Warner bought it from us @ $120. and it is the same piece that was in Mr Massacures sale.

In looking over your list proofs we find many pieces which are in the Warner sale and would refer you to the following numbers.

2858, 2861, 2924, 3057, 3081, 3083 3117, 3129, 3125, 2687, 2767 $\frac{2}{26}$ 2822, 2120, 1103, 2122, 2123, 2126. and there are some others in the dimes & ½ dimes lots which might be found out.

The Geo Clinton 102093 is almost as good as the one in Ely sale and is a very good piece also the Pennsylvania rarity and but very seldom obtainable, we think that if you were to purchase it you would not regret it.

Mr. Peckham. Co.

Dear Sir

We duly rec.d your 2.d letter inclosing your bill $88 on the Silver Centre Cont and were obliged to pay for it, but as we had anticipated it sold higher being knocked down to Mr Cogan $155. after steady bidding from several of the dealers, as you will see that what we told you last Winter about its value has been borne out.

We have taken the liberty of sending by this express a selection of rarities amounting to $99.25 and all of which are marked at reasonable prices, and we hope you will add some of them to your cabinet

We secured the Clinton at the Warner sale @ $55. which was a bargain and much less than its value; it was & is just as good a bargain as the Silver Centre Cent. @ 76. and we have made the price $8 which is really even less than we expected to see it sell for at the sale. We would have gone $100 for it at the sale if we had been bid off against to that amount.

Very Respectfully
S.H.&H. Chapman

James Verity Esq

Dear Sir,

We duly received your letter of the 26th of May, containing list for the Warrnambool, and also other letters with further instructions.

We have forwarded wool for good order as soon as we received it, and [illegible] ratings of conditions for which we were complimented by the other dealers and brokers who said we had given fine wool as described. Our degrees of condition are, Prof, Uncirculated, Extremely fine, Very fine, Fine, Very good, Good, Fair Poor. We go down in regular order as given but your descriptions are a seem to be rather contradicting and confusing, but we have never yet seen a fine or finer fine & wife of uncirculated or extremely fine which was off the rating of the condition. One state Very fine is in most states, uncirculated [illegible] very fine with the [illegible] & in a wonderful state but not uncirculated.

One and [illegible] uncirculated [illegible] exceed [illegible] 950, 989 and the highest [illegible] the Trade [illegible] 1/8 [illegible] fine

Europe which we have seen are always in an extremely fine degree which is a coin that is not worn or circulated ~~to~~ and is apparently uncirculated but on the closest scrutiny shows the slightest hair lines of contact with foreign matter, say another coin in the pocket for about ten minutes while walking or the marks it may receive while being handled and counted at the mint.

If an uncirculated coin is weakly struck or misstruck we mention the fact. or if <u>slightly</u> misstruck may place it in a lower condition usually v. fine

Now very fine is a piece not damaged but showing slight marks of wear for example Geo. I Crown + shil. 1715, 6.

Fine is worn a rubber slightly all over (but the inscription complete in ancient coins) generally speaking a ex. Olivr C. coin worn coin

Very good is thoroughly rubbed and worn but complete and in an experience with Europe (including G. Britain) corresponds to your fine; good to your very fair. fair about a good.

When a coin is misstruck or damaged in any condition above good. we state the defect and in all cases mention if piercing

On account of the attention given to collecting the government issues of coins in this country since 1793 and the high prices paid for pieces in unusual condition and the minuteness with which we rate the degree of condition, we are of the opinion judging by our experience in unfolding pieces and sight of those bought new by others, that Europeans do not equal us in discerning differences of condition.

We have inspected crown & half. of Jewett graded very fine and they corresponded to our conditions and were just the same as 1775-6.

We note a letter to you giving our conditions in their order.

We have written these fully so we may understand each other if we should have further dealings.

Please to express your ideas of the conditions of the pieces received.

We send a few pieces on approval of Victoria and Edward a shilling very fine which if not satisfactory return by registered letter between two pieces of card board. Cover

Mr. J. S. Stephens,

Dear Sir

Your favor of the 18th was duly received. We can not positively say which would be the best way to dispose of your duplicates, not knowing what they consist of, but would suppose that your duplicates and proof sets would not be valuable enough to make a sale, and under any circumstances the best way to sell proof sets is directly to a dealer as the margin on them is very small.

We would advise you to send them on when we will make an estimate and offer (in confidence) and if not satisfactory we will return them, you to be at the expense of express charge both ways. We allow full value to use and generally satisfy every one offering prices to us.

Yours Respectfully

J. H. & H. Chapman

E. J. Tonge Esq.

Dear Sir,

Your note of yesterday received. We are still in the coin business and removed over two years ago to the above address.

We have a very fine and large stock of Ancient coins in all branches, and if you will inform us in which you are interested, in Greek silver, Roman silver or bronze, and gold, &c &c, we will send a list or a selection on approval and selection.

We have the largest stock in this country and it is fully average as large as those of the other dealers combined.

Yours Very Respectfully
A. H. & H. Lichtenauer

Dear Sir.

Upon examining our purchases at the Warner sale we find that the 1793 cent delivered to us in the envelope No 2982 as that piece is the specimen No 2981 and we suppose you have received the piece we purchased. We also find among our lots No 3534 which you purchased shall we transfer them to you through Bangs & Co or direct? We sent the Campos on Friday and had them ready for shipment on Thursday but the express man did not call, had not time to count them but think you will find them all right.

Did we get anything at your sale?

Very Respectfully

Dear Sir.

Your favor of 23rd pkg of coins came duly to hand to-day.

We hasten to make out what we think we may be able to use as per the enclosed list of 72 numbers and return the balance by Express.

Before sending them out we desire to know how many or in what cities have they been?

Will keep the 37 & decent of Philip III £10 and will report about the crowns when balancing for those retained on approval from this lot.

Will not have time to send them out for a week yet and suppose it would take a week to hear from them after that; will this be satisfactory?

Very Respectfully
S. H. & H. Chapman

A. D. Palmer Esq.

Dear Sir.

We have shown your Confederate notes to one collector who offered $21.50 for the lot and to Mr Haselline who offered $20. and to Stegerwall who offered $21.

What shall we do with them? we would suggest holding and placing in a sale this fall. if the above price does not suit.

It might be well for you to let us know what is the very lowest you will take for them and we might then get the collector to advance to it.

We only have half a dll gold of 1870 round @ 50¢ or 1/2 dollar of 1853 & dollar of 1850 & 75¢

Have not had time to call on show Indian relics.

Warner sale a great success total $7479.75 dollars

Will send you a check after we get the Warner sale settled.

Allowed you $17.90 for burnt coins.

New York

Agreeable to your letter of the 26th we went to Brooklyn yesterday to see your collection as you no doubt are aware, and found them of but little numismatic value, the only pieces worth saving from circulation being a lot laid out on the end of the table and for which we were to give $10.–

We herewith submit the bill for expenses which you state you will pay.

Fare to New York and return	$4.00
Car fare	39
Dinner	30
Incidentals	30
	$4.99
Telegraph	25
Total	$5.24

We are sorry you did not give us some information as to the extent and value of your collection as we were much disappointed at the extent of it, and to have lost time and trouble of going to Brooklyn especially for not having any other business to attend to.

Yours &c.

Mr. J. E. Bidwell

Our Miss of Middletown has informed us of the sad death of Mr J. E. Bidwell a gentleman with whom we had pleasant business relations in the way of selling him coins and he was always a subscriber to our catalogues of auction sales of coins, the last being 6/8th the catalogue of the Warner sale and on receipt of which he wrote us congratulating us on it being the finest catalogue ever issued. He would desire to communicate with you in regard to the disposal of his Numismatic collection if it is to be sold; we would either purchase for cash paying the full price or would catalogue for a sale by auction taking entire charge of its arrangement, classification, and sale, making returns in 30 days after sale which is the time given purchasers. Our catalogues and sales are the finest have proved very successful and we could do best with such a sale of the collection in this way, if it was preferred to private sale.

If you wish we, if we will go to Middletown to see you; We were very sorry to hear of Mr Bidwell's sudden death.

Very Respectfully
S. Hon. H. Chapman

Dear Sir,

Your esteemed favor of the 28th enclosing draft for $[illegible] was duly received, for which also $1.23 for dollar on sale received, for which please accept our thanks.

We think you need not have any fear as to the rarity or value of your selection.

We sold your Hundred Barrey to a collector this morning for 28 cents.

We do not think we can get $[illegible] for the 28's and if you are willing will offer it to a customer @ 60 cents, we charging 10% for selling, or if sold for 50 cents, $[illegible] net.

In regard to pieces of 1839 and 1840 cents we can only say that it is a very difficult cent to procure in such condition as the one we send you and is but very seldom offered at auction. We heard of one being sold for $[illegible] last spring.

1856 dollars (Gilbert proof) are and always have been rare but few being struck and we believe [illegible] were issued in uncirculated.

Enclosed 3 proof (small) cents of 1856 at [illegible] price $0.12 = 36

We duly received your letter of the 15th of June and the coins a few days later by registered letter and enclose draft on Berlin for M. 61.75.

Dear Sir,

Your letter of the 7th, enclosing $5. in payment for the Continental Currency bills, received.

It is easy for an expert to detect the difference between a genuine and a cast. The latter is never sharp on the outlines, etc; and other points.

Yours Respectfully

Mr. N. Platten,

Dear Sir,

Your letter of the 17th of June was duly received on the 2nd inst., with $1. enclosed for which we are obliged and have sent to you a copy of the catalogue with price-list.

We never sell any of our catalogues for less than the subscription price and for the catalogue of the Bushnell of 1882 total $13,90. we received it for the sale.

It is impossible for us to estimate the value of your coins from the brief catalogue you sent; as everything depends on the condition and some the denomination is not stated. If you will send them to us we will make an offer for them each, which if not accepted we will return the piece, you to pay express charge both ways.

Yours Respectfully

We sent a price list of the Warner sale to you yesterday.

At present we have of Vitellius a fl. bronze reverse Mars marching in fair condition c. #6. It is very rare, and is the piece from Warner's sale when we bought it very low, and mark it at a cheap price. Will remember your wishes if we get a denarius.

Dear Sir.

Your letter of 5/17 rec'd and we owe you an apology for not attending to it sooner but for the past 6 months our time has been very closely occupied with the Warner coal, the sale of which June 7-14 was a success total $7479.75

Dear Sir,

We send enclosed our check for $1600. in account of sale.

We received this morning a check from Bangs & Co for only a minor part of that sum (and less than above amount).

They say that the dealers report slowness in collections, but we will stir them up all we can and will balance the account as soon as possible.

We were sitting at the desk with amount of remittance decided upon when your telegram has just been handed in and we replied, "We send sixteen hundred to day. Bangs sent only a small remittance". We had not forgotten your memorandum of but could not send sooner and were remembering the 20th

Yours Sincerely,

S. H. & E. Chapman

We believe you are mistaken as to what we said about the Mex$ Dollar, what we remember Thurston said is that we may expect one in only fine condition @ 95 cents, It is a difficult date to get and $1,25 for a brilliant proof coin is not too much.

Our room is not yet opened here but we are confident we will win and the Democrats are feeling very shaky. The Republicans have fair straight votes in our house.

Campaign medals are just out and next week we will have another, by the steamer mail we send a dozen in white metal @ 6 each or $2 per doz, or if taken by the 100 $5. either with eagle or plain unpierced which ever is wanted. Cannot you sell a 100 or more? Send for display also out pat. Blaine buttons will also be issued, as you want any of them send for in what quantities?

Can supply you with Sandwich Islands new coinage $, ½, ¼ and dime. What can you use?

7th 18th 4

James Verity, Esq.

Dear Sir,

We duly received your letter of the 3d on the 14th, (it arrived in Philadelphia the 13th Sunday) and the next day the 15th Tuesday, the registered letter with draft for £45.10. and Greek and Roman gold coins to the amount of £23.17.; but pressure of business prevented us from acknowledging receipt on that day and we put it off until the next mail day. We thank you for the extra amount included for our trouble in purchasing.

The gold coins are quite satisfactory with two or three exceptions, No 3, 10 and we will finally retain the three and remit on Tuesday next mail day, as it is too late, 4.31 P.M., to obtain draft to-day.

We wish you had put your conditions to the gold coins, as we would have practice of judging your ideas and know how to rate. I & we have had experience with Messrs W.S. Lincoln & Son, and Wm Webster and know (with your letter) the English ratings well enough to order intelligently.

Would you please to send a brief list of what Roman Republican gold coins you may have in fine condition?

What have you in Roman Imperial gold? Julius Caesar denarii with portrait, Aemilia, Mucidia, ? If you have a Caligula den. fair to fine please send it. #

The pattern crowns can not we think be obtained. We wish you had had a photo catalogue as there is one plate of English silver with them all on it and you could have seen that they were sharp and perfect.

Our usual rate of commission is 10% but on account express expenses and your being a dealer we offer to purchase without it but in future if you wish to pay us we will say 5%.

The package was not insured by the C. as we took them to Washington save you the expense.

The Elizabeth shilling was duly received; we consider it as marked 'very fine' not extremely as you asked for but sent it to see if it would suit. It is in our very fine degree, as we go down we gradually from 'uncirculated'.

Yours respectfully
S. H. & H. Chapman

Will there ever in heaven indeed yet? Julius Cæsar
Caesarius with Pontiff, Aurelius Maximus? Shall you have a Calpurnia
also. Pain & pain Hereafter it. *

The Pontiff seems over not we think to relieve. We
must give that. And a flat refusal as this is no flat
Surplus also will return all or if and you could have a
what they are ahead and Pontiff.

Our general rate of assessment is 75 but in reserve
without reference and above being a check on final & increase
without it but in future if you wish & for no no will say 75.

The Pontiff are not interested for 75 so we will then
[illegible] — you the opinion.

The Philadelphia building are also pressed we consider it so
important [illegible] and extremely as you [illegible] but out it & [illegible]
of it great unit. It is in our [illegible] depos, as we [illegible] above
[illegible] from [illegible].

Dear Sir.

Your letter of 18th rec'd.

You do not state how many notes are on a sheet so we cannot tell what the face value is, but would say, we will give 15 p.c. over face for them entire lot or as much of it as you wish to sell.

They are not scarce so do not think it advisable to pay much for them.

Dear Sir:

We ... letter of 1st enclosing 1862 and also 1806 cent @ 2.25 & 1805 ½ cents received, and for which we are obliged.

We think that by the letter of bids returned to you for inspection you will see that your bid on 1803 was 60¢ each, and consequently we return 1803 2 60¢ & 1.20 herewith.

We are sorry the mistake occurred as the ½ cents might have gone to the gentleman who bid for them at the sale. As regards 60¢ being too much for them we may say that at the sale about 9 months since they sold for $1.75 each; however 60¢ is rather too small for them but we cannot help it.

We enclose another 1806 cent as approved @ 2.25 and hope it may be satisfactory.

Please return the letters as we keep all of your bid letters.

Our stock is now very extensive in Ancient and Foreign gold, electrum, silver and bronze also in American & US pieces and you will need give a list of your wants we will be glad to send you a selection on approval. Let us know what prices you are buying. As we do not reprint this letter [illegible] each month.

Dear Sir

Your letter of 12 enclosing draft for $750 on account of perforated currency received, for which we allow you $3.— was duly received and credited. Please accept our thanks for same.

We enclose a history of the Iron Cross and as again one at Scott cannot say what it was as we did not examine closely but doubt if it is a genuine one. $2 for the one in the power sale sold for $1.25 and Shannons for $1. and it is not likely Scott would offer one for such a small sum (it is not that kind).

Cannot you take the trade of Chicago in Campaign medals? — we are ready to supply in any quantity and could get you the exclusive right to have the sale in your city; samples and card of the two Republican medals, Democratic ready next week. — Prices — $6 per 100 for Blaine with Eagle mounting, $5 per 100 for Blaine & Logan silvered or $6 per 100 felt ribbon mounting (case and) cards for mounting on) one lots of 1000 to 5000 will make a reduction from above price. What say you? Will send you some coins we sell on Saturday.

Send what cash you can by 25th inst.

Dear Sir

Your favor of the 25 rec'd.

Upon going to enter up the accts from your letter of Nov, we discovered an error had crept in in the price of the Philip III 3d Decat price which was $13 not ten as we added on the bill, ~~from~~ without consulting our books which shows it to be $13 and we recollect that was the price.

The charge made in the enclosed bill for 5 Warner Catalogue price list is for ~~those~~ and for the plate cuts and which we do not find in or with them; of course if you wish to return them you may do so. We think you will find this make the statement of the correct.

So hurry about the silver penny

Sorry to hear your head aches.

Mr. A. H. Seymour,

Dear Sir,

Your letter of the 25th was duly received.

It is difficult to make an offer for your proof sets as the bottom has completely fallen out of prices for them, a certain party in Boston who started with the idea to control proof sets and U. S. silver and purchased hundreds of sets, has recently failed and his stock is now on the market. We thought he could not hold it and sold to him all we had not immediate call for, during the past three years, including several complete series.

We will offer you full market price for them in trade, for sets from 68 to 83 those from 78 to 83 to have bottom dollars $60, & $45 for 16 sets.

A certain dealer in Boston is offering 200 sets of above stock at $3.75 for from 1859 to 83 not including 64 & 77 and at the Warner sale for they sold for 1871 to 80 @ $3.75 the others from $4 to $20, 1870 $75 bottom dollars, 1877 $7.75.

Yours truly

S. H. & H. Chapman

Chas. Pettinger Esq.

Dear Sir.

Your favor of 20th ult. is received. Thanks.

If the coins you mention are ordinary pieces without any rarities or pieces of high value, our charge would be 20% of the prices realized, we paying all charges or if they are a reasonably assorted lot and contain such pieces as will make a good average say 1 per lot, we will take them at 20%.

Our charges may be higher than what others offer, but our work and prices obtained; is superior and the returns are more satisfactory for say 5% more auto and in a short time when we get 4% for what others get 10%. Could tell better if we had seen the coins.

Warren & Calfin delighted with our work and prices we got for them.

Dear Sir.

Your letter of 1st rec'd.

The medal of Christ is a beautiful production and rare, is cheap at the price and we got it a bargain at Warner sale, cannot lower the price, in fact think it worth more.

Had you not better draw Mr Porters attention to the 1854 dollar, as he might not have wished to make an exchange and would not be able to account for the ~~[illegible]~~ disappearance

What cents do you lack.

Do you want to buy 1800 cents mostly from 1808 to 1835 and in fine for very good condition, can sell lot for ~~[illegible]~~ per 100 net cash, ~~[illegible]~~ early dates poor.

Dear Sir.

We have just rec'd home and find your letter of 25 with enclosure.

The piece is not a coin but merely a little ~~private~~ medalette issued by private parties without being in any way intended for a coin and without the sanction of the Confederate Government – it is a patriotic piece for the southern States and of no very great value.

We believe we know of two like it but without again seeing the other pieces we not positive and it being made by private parties the dies or more are quite likely taken up

It is to be regretted that it is pierced as it mars it for the Collectors.

We do not know what it would sell for so cannot make an offer and wish you to state your lowest price.

Very Respectfully
H. N. Chapman.

Dear Sir.

Your favor of the 3rd duly received and the slight delay in answering has been caused by our being absent from the City on our Summer Trip East.

We have made a selection of our stock of U.S. Cents and send herewith a package of them to the amount of ($34.90) five hundred and thirty-four dollars and ninety cents.

We have sent a number of cents not uncirculated but which are very fine and of some dates it is difficult to get finer examples — thinking that they may improve those you already have.

We would particularly call your attention to the superb 1793 Wreath, one of if not the rarest

We duly rec'd the 1804 Eagle and have shown it to one of our customers but finds that at your price there would be no profit in it for us as it is more than full retail price.

We have not sold the piece but would offer to exchange the 1652 Mass Oak tree shilling of that rare variety of which ~~the~~ one you have is much inferior and for which we ask 25$ for the 1804 Eagle. Is this satisfactory.

The $5 gold piece of 1831 generally sells for from $5.50 to $6, but we do not care to purchase at present.

Dollar of 1803 (one of the finest of that country) fine condition, would be worth very much more than its bullion value. There was a very few struck in the United States in 1803 but of that year there was a $10 gold piece also $5.

Mr Adolph Weyl.

Dear Sir

We have received your catalogue of a sale of coins to be sold by auction in October.

We send a number of bids and trust to your honor to buy for us at as low prices as possible.

We have translated the descriptions as well as we could and on the lots we bid for we do not see that any of them are "pierced" but if there should be any piece pierced or not genuine do not buy it for us.

The 1804 dollar No 159 and for which we bid 1360 marks is a restrike and consequently we hope you will buy it for us as much less than the amount we bid.

If the amount purchased for us is considerable please send by express.

Our bids are so many for each piece unless otherwise mentioned.

Dear Sir.

Your letter of Sept 1st rec'd
I find the article published hardly what
was promised us and will do us but little
good, — as we understood it — a notice of the
sale was to be published before the sale so as
to influence bids for the sale.

In regard to your desiring to purchase a collection
of coins, — we have in our hands a collection
of fine and desirable coins and medals of
the highest historical interest and each specimen
of which we will guarantee genuine.

We will sell the collection if taken as a whole
for $2200. and would recommend it, as being
worth more than the amount asked and
especially so when its value as a representative
collection is taken into account. for it is rare
to see such a thoroughly representative collection for
so small a sum and so intelligently selected.

There are no poor pieces in it except two or

Copies of your Mining Ordinance & collection

Thomas Harner, Esq.

Dear Sir,

Your letter of the 12th was duly received on Saturday in which you state, "You must send me the balance due on coin. I need it very much." This is not according to our understanding, which was that you were not in need of the money, and that on what we purchased we could have plenty of time, as much as we asked otherwise we would not have bought so heavily.

The account now stands, total net proceeds $4446.33 amount remitted $3457.81 balance due $1033.50 The total of our bill was $2414.10 less purchase for June 456 net total $1957.24

We did everything in our power & holding $1200 of our coins out of the market to make the collection as fine as possible and spent more on the collection than the commission amounted to.

We describe in full hundreds of coins which brought 50 to 75¢ each that we usually feel in lots and sell at from 18 to 20¢

We have a very large and fine stock in every division and were

Frank McCoye, Esq.

Dear Sir.

Your letter of 4 rec'd.

Our terms for catalogueing selling and managing the sale of a collection of coins is 25% of the gross proceeds, we paying all expenses.

Our catalogues are the finest issued and we obtain more regular ~~and~~ higher prices than do others from the fact of collectors having confidence in our descriptions that the coins will be as represented, and the real value and do not discount us, consequently we get from 25 to 50% higher than others do, which pays the seller far better than to get his catalogueing done for 20% or even less and then suffer 25 to 50% on all of the 80% first saved.

If you will send us the coins so we may examine them we will either make an offer or catalogue at the above rates.

Resolutions of coins in stock on the other sheet.

Very Respectfully
S. H. & H. Chapman

Mr F. T. Morehead,

Dear Sir,

We duly received the package of coins returned amounting to $538.40 and such $4.50 in payment for the 1793 cent.

We think we are quite in coinciding on prices too high and we confident that if you would note closely the conditions, perfection of impression and color they will more than bear comparison with others. A slight shade in advance makes a great difference in the value. Some years ago we sold a 1793 Wreath cent large date and wood LIBERTY, in uncirculated condition, bright red, for $200.; and after the purchaser sold it, Mr. Frossard asked $300 for the same piece. But we recently sold a bright red of the common variety for $76. This comparison does particularly apply to your considering the wreath cent of the variety sold to you as at too high a price. It is worth all we asked and is not to be compared to the commonest variety which we would sell for $250 in the same condition; for there is no comparison between them as to rarity, any but the commonest variety being very rare. As to the AMERI it is that degree fine which makes all the difference in the price. We have

(for $25 $30)

ved specimens [illegible] fine [illegible] [illegible]
[illegible] so that merely as you say all the differen
for it does not mean equal and of the higher degree but
these are known.

We have the largest stock in the country and it is always conceded to us that we ~~off~~ possess the finest line of cents and know them better than any one else.

We endeavor to have our prices correct and never too high nor beyond what we can substantiate. At the Roots sale where the last uncirculated AMERI was sold, Mr. S.H.C. who was present bid it from ~~$~~$100 to $167.50 when Mr. Sawyer bid $170 and he let go.

Prices from sale catalogues are not a criterion unless the reader was present, and knew who purchased and who was there, and of many of the catalogues descriptions, had examined the pieces, and ~~and~~ remarked the conditions supposing he was competent to do so; and noted whether the low priced pieces were bought by us for stock, as we of course sometimes obtain pieces for one half what we would have bid them to, had any one opposed us.

The 1821 cent is really a proof and worth more than we ask for it. It is a very even impression, with the surface of a proof and of the most beautiful color a yellow olive w/ light olive as termed in catalogueing.

We do not make two prices, but try to place them right at first. This is the only specimen in uncirculated ~~or~~ proof condition on the market, and is much rarer ~~than~~ than collectors suppose. If you desire it we will send it express paid at our price.

We have in stock 1839 Extremely fine dollar at $35.
The specimen in the sale Mar. 20-83 in fine condition sold for $36. and in the Lefferts sale 1881 in barely fine $34.
1838, 1851, 1855 ~~[illegible]~~ have not at present.

We have the largest stock in this country and it is always conceded to be first in the finest line of coats and heavy fabrics than any one else.

We endeavor to have our prices correct and reasonable, high and honest what we can understand. At the last sale when the last municipalities AMERI was sold, for. S.H.C. who was present bid it from $100 to $170 when the house bid $170 and he left off.

Now from this catalogue we not a gentleman unless the reader was present and there were thousand and who are the and of many of the catalogues, and examined the house, examined the conditions and phrases in more confident to be, and carried including the low finish and through by no for short, as we of some conditions others finish to be that we could have bid than to have any one differed.

The 1871 coat is really a heavy and a still more. Come we call for it. It is a very second manufacturer with the employee of a front and of this second hand cloth a yellow shine of light which as known of in catalogue.

We do not make two prices, but for if then charge right price. This is the only difference in manufacture of both conditions or the market and is a good reason from different makers. We then obtain it we will send it upon ___ price or for.

We have in stock 1839 of heavy fine finish at $3.
The difference in the sale price 20-$3 is fine condition and for $30 and in the [illegible] 1871 is heavy fine $3.
1838, 1871-1872 [illegible] out of present.

Benj Betts Esq.

Dear Sir.

Your letter of Aug 7 enclosing $110 rec'd. Thanks.

Much obliged for statement of a/c as it enabled us to see where the error came in - which was in the 225 being entered separately and also in the lot @ $75 - have corrected it and balanced a/c.

Some time since we gave you the rubbing of a Continental piece but at that time could not find the rubbing of the rev. have found it at last & send herewith. The piece is in a collection and do not think it can be purchased.

We enclose a rubbing a Confederate token in silver, in proof but otherwise in very fine condition.

Obv. Confederate flag and A UNITED SOUTH 1861. Rev. Branch of a cotton plant & circle of stars.

It comes to us from the South and is said to be the only one known have you ever seen one like it.

Dimer values it very highly but will not say how much, so we are open to receive offers for it. What is the most you will give? Please answer by return mail. Very truly yours etc. W. Chapman

Mr. E. Baitzell
Dear Sir.

Yours of 19 rec'd.

Lot Stealing in Stamps we are at a loss to decide what to do with the lot and wish you would make your best offer for them by return mail. We find the Clay 7c the Claims the red Clay 7c the common red and one large old stamp not sorry it was not stolen right, we also have Blue type and also they came from a man who did not know the value of any of them and without thinking we sold them. We feel so sorry that we should have so much trouble about it, we do not know what to do but we will send them by mail. You will show to a friend you might find someone who will buy them for smuggling — will they pass? Make your best offer to a friend. How do you know to do with them? We will do anything you may make of them. What would you make of the lot of the Blood & Clay? Yours Truly

Dear Sir.

Your letter of 2 Prest

We have been absent on our summer trip and so of many since return hope that you will see reason of delay.

We must decline the offer as it would not pay us for the trouble.

You had better buy in America direct for you in then see the prices and if not suited they could be returned, but when ordering from abroad they must be taken if they at all approach the description and the price must not be let stand in the way.

Very Respectfully

Dear Sir

Enclosed please find a new check for $36 in full payment to date, per the 4 & 6th which we enclose for receipt

We were very much disappointed not to see you when we were in Boston Sept 1, 2, and were sorry to hear of your being ill, hope you are better.

We hope you will give us a good notice of the Warner Sale in the Oct. number of the Journal, as we spared not ourselves, money or time to make the catalogue a fine one, and to give as much information as we could for the use of collectors.

When in Boston we were told that a certain party was circulating that we had lost several thousand of dolls on the Sale and that we owned it - that it was not a success - that we thought it would bring $3000 etc., all of which it is perhaps needless to say are false. - we did not own the collection it being the property

of and belonging to Mr Warner we did not make
thousands on it, as we received our com-
mission of 20% which is the extent to which we
were financially interested — that the sale was a
success bringing at least 500. to 750. more than
we estimated and what is more Mr Warner is
perfectly satisfied with the result.

The dealers came to us at the sale and told us
that they never saw anything like the correc-
tness of our descriptions; that the pieces were
up to the descriptions and expressed themselves as
very much pleased at not having to cross off the
bids

The sale passed off pleasantly and was well
attended.

There was one error we wished you would quote as a correct
No 3219 was not the same variety as the one in Bushnell sale.

A. T. Moorhead Esq.

Dear Sir.

In regard to the old dollars we cannot say just what we would give until we have seen them and know how many there are. 1798, 99, 1800, 2, 3 are the commonest dates and in quantity say 200 or 300 they would be worth about $110 i.e. for ordinary condition of course for fine or extra condition pieces this price would be much increased. 5000 old dollars of the years you mention have been sold for 99¢ each in Boston within 3 months and this of course lower the value.

Of proof dolls we have 1836 Gilliland sharp proof. 1845, 79, 80, 84 plain. 1877, 78 trade. Proof sets 1859, 67, 70, 71, 73 Std type. 1876, 77, 78

Do you collect pattern pieces? We have some very beautiful and rare examples.

Dear Sir,

As previously acknowledged, we duly received the package of denarii, and are sorry that there are not many which suit us, though we did not imagine for the family coins of J. Caesar but we retain the following;

No 3	Caligula. Rev. Augustus.	Very good	17 6
No 5	Julia	2 @ 4.6 =	9.
No 6	"	1	5 6
No 7	"	2 @ 6.6 =	13.
No 8	Julia Caesar. Portrait.		10.
No 7	Previous invoice Lysimachus. Stater.	Fair	1 14. —
			£4 9 —

We return the three denarii and draft to above amount.

From the list of 1st Bronze please send the following No's in approx. 4. 5. 8, 9, 10. 11, 12 or 13, 14. 16. 21, 23, 29, 31, 32, 43, 46, 55, 57, 58, 87, 116, 121, 122, 123, 125, 126, Gold. 164 Nero. Ex good 35/, same 165 82 17 6, 167 Otho, 172. 175, 179.

The omission of the Lysimachus from remittance happened thus; when we went away we left order for a draft for the Cyzicene to be sent and forgot it.

Mr. J. Lindman of Chicago we have found to be of no account as a buyer, troublesome and mean.

Our experience is just this. He wrote to us ~~about~~ asking for fine English shillings, offered to some one who said he was good for small amounts, sent him package of prints, just as he required, amounting to $103.[illegible] he bought $3. worth and returned the balance $100. 2 or 3 times asked for Cromwell Shil. sent one extra fine c. $12. He returned it saying would give $10, sent another extra fine at $10 nearly equal first but he returned it and would not take first at price. We think he would not appreciate fine English coins and would be returning everything sent and would not be worth the trouble. You now know as much as we do about him. Have not sent anything to him for a year. We wrote to him and told him that if prints were ordered from Europe and they were as described he would have to take them and if he requested them sent without bid he would have to keep them without regard to a difference in ideas of values.

Yours Respectfully

Dear Sir.

Our postal of 20 rec'd.

The Oak tree shilling is well worth $20, but to close the matter we will divide the difference and give you $17½ and the shilling for the 1804 Eagle.

We want to make something by the trade. H.H.C thinks our shilling is finer than any of your Oak tree shillings, no matter what variety. We could sell 200 or 300 old dollars in fair to good condition but they would have to be cheap say $110. the 100

Just think of an other offer for the 1804 - is the mass of cent of 1787 and the Oak tree shilling for the 1804 Eagle. The 1787 cent is finer than any you have and both are the finest pieces of their kind we have seen.

We have 1792 Washington Cent. James Bushnell No 1247 in fine condition.

Dear Sir,

9th 29th 4

We recently purchased privately from a collection a gem in a 1793 Chain cent near AMERI, uncirculated dark olive steel color. It is one of the three finest or only uncirculated specimens known. Our price for it is $145. which we consider very reasonable. At the Rost sale we bid $167.50 for his specimen when Mr. Parmelee bid $170 and we let it go. If you would probably purchase if we will send it on approval.

Rets. 71.- } 7630 received. Thanks.

Your P.S. astonished us - but if you really are going to part with them, we are obliged for offering them to us.

Having purchased very largely at Wanner & Stevens sale we would not like to buy your collection for cash - but if it must be so - we could arrange it.

Would you like to put your coins in a sale to be called "The Collection of Lincoln T. Seagrave of Providence" to which we would fill in a fine pieces and make it an attractive sale and catalogue; sale to be before Dec 1st.

Please reply by return mail as there would not be any time to be lost to have the sale [illegible].

Our charge would be 20% on the gross proceeds, we paying all charges - and even at this figure it hardly pays us for the trouble and expense. Some persons offer to do it for less but when the result are shown it proves that our charge would have been far the cheapest in the end - we obtain better prices & our sales with collectors have our credit [illegible] - all right & cash

the full value of the coins or medals.
Catalogue would be in our usual style.

G. A. Nicolls. Esq.

Dear Sir.

Your letter of 29th rec'd.

Glad to hear of your safe arrival home.
The coin of which you send us a rubbing is a Crown of 5 shillings struck by the duke of Ormond in 1643 when he was lord lieutenant of Ireland and for use there. It was struck from flats. It would be worth in good condition which we judge this one to be, about 4.- when finer worth more.

Have not been able to dispose of the Roman money.
Did you get many coins when on the other side and how are they selling there? We hear that fine pieces are selling at very high prices and difficult to get.

Very Respectfully
A. H. R. Chapman

What English coins do you lack?
Have you got rec'd a Catalogue of Prof Anthon's Roll of American coins. if not we will send one.

Dear Sir.

We take the liberty of sending you a selection of choice foreign coins medals on approval to the amount of £12.12.0. and hope you will find many to suit.

The Series of medals "Series Numismatica" is an unusually fine one and at 20d. or 10/0 each they are very cheap – it would cost more than that to strike them even if a person had the dies for nothing.

What English coins do you lack to fill up your Series also the Maundy sets we have Wm & Mary. William III & Geo I. all gothick are rare. Geo II Geo III will have Geo IV.

What American coins do you lack or wish to inquire?

Yours Respectfully
D. N. Chapman

We had such a piece in stock and cannot find it so we are wondering if we could have dropped it out of the pkg in handling as we showed the [illegible]; we are not positive we had there, and rather think we did not, so we ask if you can help us.

Dear Sir.

If we do not hear from you by return mail we shall consider the 1839 Dollar as sold to you.

It is not a coin that is sent out on long approval as it is very rare and sold on a very small margin.

Our customer has again written and we have to give him a positive answer.

Dear Sir.

Have you fully made up your mind to sell your collection now & if so would you want immediate cash payment?

As regards your question about Mint issuing coins of a date other than the year in which such payment is made — we would say that they do; but that no coin is struck after the year is past of which date this is. — the mint here paid us a 1877 Half dollar in the year 1884.

No silver coins are paid out at the Mint except on order of the Treasurer of the U.S. or for gold & silver exported for coinage.

Very Respectfully

Warren Lee. Esq.

Dear Sir

Your letter of 8/28/91 rec'd.

We have just heard about a 39 dell. and send it herewith.

1839 Dollar. Extremely fine. Unusually sharp on the date & we guarantee it an original — $33.

Token

1793 1/2 Cent. Very good. — Light color. Costs us 3.

1802 " " " " 3.

$39.

You seem to have been dealing with a person who put one price and would take much less — which we may say is entirely different to our mode of transacting our business — which is to mark them as low as possible — & then stick to it.

The 94 dollars we have are fine and our best is $75 or 80
Doubt if the Gunnerson dell is or was equal to ours

Have the 3 nickels uncirculated but not proofs except in 1870 small proof set 12,35 @ 65 & 1871 12,35 @ 80 bill. proof.

Do not be frightened about the Coin "craze" being on the decline for it is not. You got a bargain that is all. The Collecting of Coins is beyond a mere Craze.

Let us hear from you on receipt

Very respectfully
Yours
Chapman

Dear Sir.

Your favor of 6 enclosing check 2965 for 20.00 received. Thanks.

Of dollars of 94, 38, 39, 51, 75, 96, 97 we have 1794 dollar & send it on approval, 1839 at present out on approval.

The 1794 dollar E75 is cheap and well worth more money, it being in fine condition for this rare piece, and a coin that will ever be in demand. — we think they will increase in value as more collectors come into the field. — It is a curious fact that of all the US coins no matter what they are do come times turn up in old lots, but of the dollar of 1794 almost never, which shows that but a limited small number were put into circulation or have that many may have been lost or destroyed by other Nations.

1884 dollars can only be obtain ed (in proofs) in the proof set $5.

We send by Reading R.R. Ex. a selected lot of coins & medals to the value of $200.67 and hope you may find many of them to suit you.

Very Respectfully

Dear Sir,

Last Saturday morning to our great surprise, we received a similar notice and upon investigation found that it was caused by an error of our bank, through the book-keeper of the bank charging to our account checks of another depositor whose account was on the next page of their ledger, to ours. The check was immediately called back from the bank here with whom your bank was in correspondence and paid, but the notice had unfortunately been forwarded. We enclose a letter from the cashier of our bank which explains the matter, and a similar letter was sent to the bank advising. We had money in bank to cover it.

We are doing our utmost to get in cash and have several heavy packages out on approval and as soon as we can will send more to you but can not at present.

Yours respectfully

Dear Sir.

Your letter of the 6th recd

Our charge for selling your collection of arms etc at private sale would be 15% or to catalogue and conduct a sale by auction 25% - we paying all expenses (which includes auctioneers fee - advertising etc, etc) after they are delivered into our hands.

Being personally acquainted with many gentlemen in Society here we think we could sell to advantage, also that this is the very best time of the year.

If sold by auction we would issue a very neat and handsome catalogue and arrange the collection in as an attractive a manner as possible; would send the catalogues to many buyers in other cities.

Philadelphia is we think a good market to all in as it has not been flooded with such articles as have ~~been in other cities~~ New York. No time should be lost in getting them into the market so as not to come on new Christmas.

As regards what you might expect to realize we could not say until we have seen the articles.

Would wish you to put your price on the several objects and to keep them reasonable as our people are well posted as to values.

Very Respectfully

Dear Sir

Your letter of the 6th reached
Our charge for selling
your collection of crows &c at Paris & cost invoiced
the 10th on it catalogue and conducted a sale by auction
25% - for keeping all expenses (which includes auction-
eers fee - rebate brokerage etc.) after they are delivered
into our hands.

Being personally acquainted with young Smith
Owen in Boston I see no think he could sell it advan-
tage, also that this is the very best time of the year.

Hoping by our efforts we may be able to give a very good sale
your catalogue and arrange the collection in as attractive
a manner as possible. Should our Catalogue be ready
before in other cities.

Philadelphia is no town a few months to sell in as it has not
been flooded with cheap specimens as has New York etc. the
time whether it will be getting hot will be unsold. as we not
of course, some chinchinas.

Pray let us know what you would expect to realize, we could pay by
the steamer to Boston.

Would avoid you to put your prices on the general catalogue
and to keep them reasonable as our profit are only
limited as to values.

Thomas Hamer Esq.

Dear Sir.

Your letter of 18 rec'd.

Enclosed please find our check No 598 for $100 on ap.

Noting your paragraph on Politics we would take issue with you on their being a change needed - we do not think so but believe it is stability - not changing that is wanted, and surely the Republican Party has made this a prosperous Nation by their Administration.

There have arisen many reasons why a former member of the Democracy should we think become a good Republican and the strongest we should think is the that Cleveland from his personal and immoral character would be a disgrace to the Nation if elected. Then as far as the depression in business is concerned we think that is easily traceable to the tariff issues brought up at the last session of Congress by the Democrats. the desire to hold and support this Grand Nation as a great and prosperous nation by a protective tariff; where their products are made to bring remunerative prices and in consequence

the people can by to live in some degree of comfort is a grand one and well worth working for and fighting. If we had free trade what on earth would become of our mills, factories and numerous industries? Again we do not want to see our mechanics and working people brought down to live like the paupers of England which their working people are from the reducing of the wages paid, and who drudge along from day to day for the poorest food and small allowance at that - without any ray of hope of future comfort or pleasure. The Party that tries to bend upon Nation in 1861 is not the Party to hold it together in 1861 or 2001, but the Republican Party has made by its actions this Great Nation indestructible it will live and we earnestly hope you will help it to by voting the Republican tickets. Nov 1861.

Very Respectfully

We send herewith all the coins in stock of those entered amounting to 1794 78 $ 203.40 and a choice and, to our eye is all they are.

We have sent the following pieces in above pkg which you did not order - 2½ Fr. @ 40 1 Chain d @ 35. 1799 Cent @ 6. 1803 @ 12. 1854 d @ 1 - 1809 ½ @ 25 - the other not sent as not suff. they are 1793 ¢ 1801 ¢ 1804 ¢ 1803 ¢ 1816 1720 ¢s 1809 ½ ¢ 1833 ½ ¢ 1816 1657 ld ¢.

Would be glad to hear from you as soon as convenient as it takes so long for a pkg to go & return.

Our stock of English Coins in gold, silver & copper is now very fine and extensive also a stock of Foreign coins & Ancient Greek & Roman in all metals. Can you give us some idea of what you desire or wish in these series? if so will quote prices.

No 1794 ¢ in stock and they are very difficult to procure.

Prof Dickeson did not have any coins for sale with the exception of the 1796 ½ dollar very fine and for that they want too much, rebellion costs & poverty compriseth the balance. He sold all his pieces received below.

Dear Sir.

In looking over our Ledger we saw that the last bill of cent goods was on June 5th 1854 and fearing you are in need of some we have taken the liberty of sending by Adams Ex Co this day charges prepaid a selection of our stock to the amount of $50. They are a choice lot and where ever we could reduce our price have done so and marked them very close. We cannot allow any discount unless on account of over $100 and then only 5%.

We hope you will find many among them to be acquisitions to your fine collection.

Please return any you do not desire as soon as convenient.

Very Respectfully

Your letter p. rec'd.

Having a quarters rent to pay on the first we do not think we will be able to send any money until after that date, should circumstances change we will send it sooner.

In old Phil. Collector called on me yesterday to pay 5 on a Warren State Cockade and said it was nearly splendid, "finest thing seen since" and those colored flags were beauties. He would like to have a pair for his collection in same shape. Bought a great many Cayenne at Mathews sale & the Birch Cent @ Thousands, on the whole the collection costs far less than we get for them. For instance we bought the Washington finer than you can for $1.50 we get $6 for yours at sale. Also bought Immanuel Columbia 1/5 for $6 same as yours which we sell for $8 Eddis Washington $2.50 & $5 1792 Washington bust @ $7.50 original Washington in silver @ $2.25 and Washington Washington for $4 at the sale, could get to many more. Got the Birch 1792 pattern cent for $6 would have given $10.

J. A. Shindell Esq

Dear Sir.

Yours of 29 rec'd.

We do not issue any catalogue of stock as it changes to often, when we have a sale will send you a catalogue.

Our stock is now very fine and extensive in all branches and series from Ancients to 1865 in all metals and we wish you would send us a list of what you want or wish to improve, we could then send you a selection on approval.

Our prices are correct when the condition of the specimen is considered, but we find some persons offer inferior coins and called them or rather rate them higher than they really are and then cut down the price fearing they would have been worth less if they been in condition they called them. We think you will not find our prices high.

Hoping to hear from you soon we remain

Very Respectfully

Dear Sir

Yours of 29th ult. has been received. We do not know anything of Lord, so it changes to after, when we have a bad will every year or thereabouts.

Our stock is now very fine and abundant in all branches and Devils from Devonshire & Bull in all marks and we think you would want no a lot of orders you want or wish it imported, we would then send you catalogue for a choice.

Our prices are cheaper than the Canadian if the exchange is great against and we think some farmers after importing cows and calves then a certain sale then they really are very fine cattle the price for the most part would be a trifle less in consideration of called here. We think you will find our prices very low.

Yours truly

In regard to No 7793 Cent of 1808 we may say, we have examined the piece and it is perfectly uncirculated and of bright and virginal color bordering to light olive, it is a great impression it not sharp or well struck up. As to its being the finest one known & worth $100 we do not know as to the former and as to the latter no cent of 1808 has yet been sold for that amt., however it is a very fine specimen, and if you wish us to buy and get it we will do so and buy on bid in Nov.

Messrs Bangs & Co.

Dear Sir:

Would you do us the favor to give Mr Tenardent what additional time he may require on his bill at the Warner sale for which he can pay at the end of the month.

We are fully aware that the age of the Warner sale has been closed with us; but we are indebted to Mr Tenardent for past favors and hope you will accommodate him.

Very Respectfully

Gustave L. Tenardent, Esq

Dear Sir.

Your letter of 5th received.

The Warner Coll. sale age was balanced some two moths since Bangs & Co paying us in full. so they are not in our debt.

Nothing would give us more pleasure than to help you and had we not been buying very largely and our cash locked up we would send a check to Bangs & wait until it suited you, but at present we regret we could not do it.

We write with now to Mr Bangs asking him to do us the favor to oblige us by giving you the ~~[illegible]~~ time you require. We have a very large stock and have every dollar invested, and now our six showcases of the greatest rarities in the American line.

Hope, you are well, we remain

Dear Sir

Would you be so kind as to give the President what additional time Harvey requires on his bill with the Hours &c

He asks to be put off till next month.

We are pretty sure that the old Hours will be able to pay off the money but we are doubtful as to the President so long will wait; but we are doubtful of the President so long will wait; but we are doubtful of the President so long will wait; but we are doubtful of

Dear Sir

Your favor of the 5th enclosing $39. cash balancing a/c to date, received and for which we are obliged.

Without knowing who the party is we could not say what was the best to do - but as fact we have been informed is that a person can be arrested for retaining a package sent on approval as it is not a sale. From what you say we would suppose that you have written to him and can get no reply - and if this is the case you might place the matter in the hands of some collection agency for collection

We have made up a lot of cheap coins and medals to the amt of $44.00 and send them herewith; have made prices as low as possible. Let us hear your decision as to this lot of at your earliest convenience.

Dear Sir.

We have taken the liberty to send you a selection of choice coins etc to the amount of $309.15 and at reasonable prices so we hope you will find many to fill acquisitions to your already fine collection. Such gems as these & those you already have make a collection famous and of much greater pleasure to the collector than when his collection lacks rarities & fine specimens.

We succeeded in selling the Almanac a few days since for $5. & charged $1 for selling & credit you $4. The needle or tack we hereewith return.

On looking over our books some weeks since we found one to which we cannot find our title and have some recollection of your sending us such a book a long time since but whether we bought it at a sale or whether we bought it from you & what we can not remember the bills of sale "The Parable of the Pilgrims by Signor Patrick London 1657." it has the bookplate of A. Simmonds Kingston Ont. Can you remember anything relating to it?

As there are pieces of which we have not duplicates we would be obliged if you would return accept them. You do not wish to retain either permanently or for further examination at your earliest convenience

Very Respectfully Yours

Respected Friend.

Your esteemed favor of 10th received

We are very glad to hear from you and were wondering what had become of you, in fact I was remembering your saying just about this time a year since it that you would have been married in a year – well the year is nearly up and I am still single, and you have evidently not fulfilled your vow. Well now how are the ladies? Miss W. is no longer to be inquired for I suppose and, in fact, a relief it must prove to the great many who were wont to admire her, as you informed us.

We were sorry you were not feeling well when here but are glad you are better & that when you come to this city again you will allow us to show you some attentions, but we were very glad to have the pleasure of your staying even a so short a time with us.

Business. Owing to the unsettlement caused by the Elections we would not advise you to sell now – we have two two collections offered us for a sale but we have been afraid to offer either at sale. There is no doubt and we have frequently tested it – that rare pieces in a collection greatly enhance the value of the balance – and if you will accept of it – we will give you that 1794 dollar @ your price $70. It is a rare piece and would be such an acquisition.

In regard to the p. – we have a Celia Antoniana Ob & Neapolis Ob size about also denarii of the Roman family series of from 2 to 3 the dishes are larger than the denarii – which would you prefer? Still design the settings & make them as pretty as possible; which would you prefer a fancy design or some ornamental work?

Awaiting your reply – and with best regards, We remain

Very Respectfully

Dear Sir.

Your esteemed favor of the 11th enclosing check for $112.– received and for which we are obliged.

Mrs Chapman has at last been prevailed upon to part with her Fox epistle for a money consideration and puts the price £250. As is well known it is excessively rare and being an unpublished epistle from the founder of so great a Religious Sect is far more valuable and interesting than a letter would be.

It came from the Hon Samuel Chew physician & judge of Delaware a member of the Society of Friends, it descended to his Son Benj Chew a distinguished American jurist before the Revolution, born in Maryland Nov. 20, 1722 – died Jan 22. 1810 aged 88 years – he was Chief Justice of Pa. and his Mansion "Chews House" at Germantown some 7 miles from Phila was the house in which the British had refuge and on his lawn was ~~fought~~ fought the battle of Germantown Oct 4th 1777. ~~Was been Members for 20 years.~~

It is dated 26th 4th 12 mo 77, and on referring to his journal ~~about the date~~ we find the following —

"Swarthmore, the 6th of the 12 Month, 1678. I abode in the North at this time above a year having service for the Lord amongst Friends there and many

Dear Sir

Your letter of 12th ult by express rec'd.

Enclosing coin. Coral 5th $2.90

We felt that we should offer you the Naked Bust Cent in exchange for the one selected it and desiring to give you first chance

We refer to the 17. But we think you may wait many years and not get one so fine, and so it seems to us a pity for you to miss the opportunity.

Is the Crosby 1792 Naked Bust sold for $146.50 and this is far superior in fact we think is the finest one we have seen, that is worth $10. The story about the dies being in existence we do not believe in and surely if they were would we not see & be offered more of these grand pieces?

Certain parties put out this report when they had no Naked Bust to sell, but when one of them had one to dispose of he shut up and we could not get him to say anything to substantiate his assertions of their existence or retract his statement.

Yours of 2d rec'd. The half piece

The paid 25¢ expressage rec'd. It is hardly worth keeping from the melting pot, have looked it up & find it is not worth as much as we first supposed.

Dear Sir.

Your two letters of 19 & 21 rec'd.

As requested in yours of 21st we send herewith our approval coins to the amount $90.00 at prices marked, which are our lowest as we do our business on the 1 price basis, and trust you will find them satisfactory.

Your friend will find it impossible to complete a set of the 1st Bronze of the 12 Caesars @ 1 to 12 each and we would recommend him to make it of 2nd Bronze, there is of the former in 1st Br we could not supply many but of the latter tolerably all.

As regards the Comm of Louis XII invoice of Jan 26 we can only say that the difference in price was not noticed, and no discrimination made against you intentionally. Mr Stevens should not have sold at his absolute cost to

The other 1st Br. coins have been disposed of.

Will give the Portrait &c. our attention & you judgment for $/ our usual fee.

Let us hear from you soon.

Very Respectfully

Hon Geo W. Parsons

Dear Sir

Your letter of 25 received.

We do not usually change our prices, but as we secured the "Ole Veteran" so much below its value we will divide the difference with you and make it $20. It is a finer specimen than Mr Bushnell's, and Fonrobert of Berlin Germany in his great & very extensive collection did not have it in silver, so it must be extremely rare as the present specimen, Bushnell's and Bushnell's are we believe the only ones yet offered in America.

The price we got it for at Authons sale is not a criterion of its value, for that sale seemed to have overlooked by collectors and we frequently many varities at prices far below their value or even auction prices - viz for one instance [illegible] we bought the N.E. shilling in very fine condition for $19.50 when it has sold for $51 (Bushnell) $58 (Crosby) $61 (Parsons).

Mr. Louis Grover,

Dear Sir,

A strange coincidence has occurred in regard to your recentering that fine 1804 cent.

To-day we received a letter from the collector to whom we sold it saying he wished to raise some cash in a hurry and asking us to sell it and a coin of Syracuse worth $25, bought from us & which we can sell at once.

He paid us $100 for it and we considered it cheap and so consider it still. It is really worth more money as it is the finest impression known. But for the name which is lightly scratched in the field we could get $300 for it.

We paid $86. for it, cash, when we bought it

We really & again a little for our trouble and will offer it to you for $85. Our loss on the Syracuse is a bargain.

Dear Sir Yours respectfully

[illegible] check for $20 in full payment for the Palermo medal received Saturday. We have not any crowns of Louis XVI uncirculated but have one of Louis XV. 1719 Uncirculated. Fine but tu. Young bust of the King (age 9 years when the was struck) to right LVD·XV·D·G·FR·ET NAV·REX. Rev. Crowned arms. SIT NOMEN &c. 1719. A few minute scratches or file marks which were in the planchet before striking still show but otherwise perfection. Price $4. Will send on approval if you wish.

Will be pleased to know your wants.

We have sent a catalogue of the Smith coll. which is to be sold in Phila and would solicit your bids, guaranteeing to execute them in our usual faithful manner, and that any piece purchased by us is genuine & up to description.

Very respectfully

Mr. Morris Spencer,

Dear Sir

A letter from Pinkerton has occurred
in regard to your mentioning that John Hoyt could.
You may be assured a little from the collector of whom
we could not expect we to market it more than a mere fighting-
a hurry and asking us to sell it and a mere fighting-
can work 50% dearer than we to which we can sell at more.
We think we 100 for it and we considered it cheap and
we consider it still. It is really worth more money as it
is the finest improvement however. But for the money which
is legally secured in the field we could get 300 for it.
We think 50. For it, cash, when we benefit it
Now I have 5 years a little for instalments and will offer,
if you for the [illegible] is a bargain.

Yours respectfully

12 12 4

Mr. Colin E. King.

Dear Sir,

Your letter of the 28th received. We will do all we can for you. We can, we may say we are sure, sell the decadrachm of Syracuse at the bill price $125. perhaps less 10% but may be able to add the commission.

Our bill price for it was $185, but if you will remember it was in our first large trade in which your Father offered us $90 for about $1030 to 80 mostly, and it was accepted which discounted the decadrachm over 10%.

We will try also to sell the 1804 Cent. Send both on.

You are wise in not offering your collection this fall and winter when things are so unsettled and with the free trade policy of the Democrats putting all business from front in jeopardy. We decided not to place any coins in an auction sale this Fall for our own account; but have ~~done~~ a steady regular business. We have a very large and fine stock in every series, Greek, Roman, English, Foreign and American from 1804 dollar, N.E. shilling down.

Yours sincerely

Dear Sir.

Your postal rec'd

The small medals cost us 11d each and the larger 1s and surely 5s is not too much profit when you take into consideration the trouble we have had to get them have made several trials on the die sinkers in regard to them and then often for out of pay

We got them to reduce the price from 20d to 18d so will take off the 2d to you making the small medals 23d

We had not noticed your price of 10d or would have told you they could not be had at that figure. and the die sinker today said that copper proofs would have cost as much as bronze.

You should not forget that these medals are stamped officially and our beautiful bronze proof.

We can supply the pierced Washington medals @ 5d each.

Three others we had ordered are expected ready this week (as soon as they are ready will we countermand the order?

Yours respectfully

M. R. Carson M.D.

Dear Sir.

We send herewith the two pieces at a cost of $17 for the pair which is really very low, we got estimates from three jewelers and two wanted $28-30 $18-20 for the mounting only.

The designs are by H. C. Jr who spent two evenings making a sheet of sketches and these were selected as the neatest and also the prettiest.

No 1. Representing a Roman Fasces contains a coin of the Julia Family struck by Julius Caesar. the Julia Gens was one of the most ancient patrician houses at Rome, was of Alban origin, and was removed to Rome by Tullus Hostilius upon the destruction of Alba Longa. It claimed descent from the mythical Iulus, the son of Venus and Anchises. The most distinguished family in the gens is that of Caesar.

Coin— Obverse Head of Venus to right. Rev. Aeneas carrying his father Anchises out of Troy, the statue of its destroyer his household god in his right hand. CAESAR in field.

Setting. 14 kt gold, handles are solid and solid silver. The fasces which it represents was composed of a bundle of rods bound together and containing in the middle an axe, it was carried by lictors before the superior magistrates at Rome.

No. 2 Pin of the Aguilar family Head of Lady. Name in 1st Mr. Matthew Aguilar's Wedding a fine female figure representing Lady from the waist, — which he commenced his recovery of Lady from the slaves who had worked under Attainder 1696 &c. he was afterwards put to death by Rothwindale &c. for saving Mother gold from his trust. &c. &c.

Seeking. No. 2 throughout, knife edges the new style.

The prices of the same respect No 2008 and No 225

It is our earnest desire that they may please your Miss C. and should they not, you will feel no hesitancy in returning them. We rather think Miss Cameron's bright eyes would cause more inspiration than Miss F.

We come to the conclusion that the alterations would be to large, the designs have not been duplicated.

Hoping you are all well, I remain

Yours Very Respectfully

Dear Sir,

We send to you to-day by express the Decadrachm of Syracuse, the Persian Tetradrachm and a few other fine pieces chiefly recent acquisitions, in all amounting to $490.25.

The Decadrachm is in even finer condition than we remembered and is a magnificent example of Greek Art.

If you take it would you please to send a check on Milwaukee, Philadelphia or New York, so as to save the delay and uncertainty of drawing, as it has been a cash transaction with the former owner who made the money for immediate use?

Very respectfully
H. H. Chapman & Co.

G. N. Nicolls Esq.

Dear Sir

Your letter of 15 rec'd.

Our regular professional charge for attributing, marking a small opinion by & placing in an envelope is $5 each, & should there be any among them that are too poor & not worth anything we will not make any charge for such pieces

We lately had such a job from a Western gentleman 105 pieces & for which he paid us $10.50

It will take Mr S.H.C. a whole day & probably more to do them working constantly.

Hoping this will be satisfactory to you we remain

Very Respectfully

Dear Sir

Your postal received.

Answer to it on postal enclosed.

If you should not take anything from this package we would be disappointed for it is considerable trouble to make out that long list and then you ordered a selection from it — which pieces were surely up to the descriptions and we cannot understand why they do not suit.

Had we had the 1796 Dollar we could have sold it. So is the 1797 & 1804.

The pieces are a very superior lot and we think if you will ever see finer, so hope you will take many of them.

When coins are sent out from descriptive list and they are equal to the description it is considered among dealers that a fair proportion are taken and purchased.

We make numismatics our sole occupation.

Please let us hear from you reply at your earliest convenience.

Very Respectfully
S. H. & H. Chapman

Dear Sir.

In copy of Numismata received yesterday we notice an item which concerns you and thinking it should be brought to your notice (and that you might be at liberty) we send the paper herewith, it is calculated to do you a great injury.

We have confidence in your integrity and the former transaction was perfectly satisfactory - and we suppose are the receipts for the coins sent Oct 19th 233.40 Oct 20th 20 Oct 31st 195 - 265.15 will either have been returned or the remittance for them sent. It really has been an inconvenience to us not to know whether they were taken or not and has made that unit of stock dead to us for 1/2 a year as we did not offer them to anyone else.

If you have not already given them your attention please do so at your earliest convenience & oblige

Peter Mougey Esq.
Dear Sir.

Your letter of 6th received.
We enclose the 2 183 $½ dimes @ 50 = $1.00

Our price of $20. for the 1810 Cent is cheap & fair and the piece is worth it. Buchanan's which was not more fine an impression (compare plate) sold for $16. ours is worth two of it. $20 is our price.

We do not ask extravagant prices for our coins when the condition is considered, we do not do as some others ask $2 our prices for pieces not worth $1 and then quote what we ask so as to make the collector think he is getting a bargain, — we had an excellent example of this in Boston this Summer. — a dealer there had a fine dollar of 1855 (which had been polished with whiting) in a box marked "30 "billiant proof" Ramsey Chapman sold in Warner sale for $34 the fact was our Warner was a billiant proof without a blemish — his only fine covered with nicks & had never been a proof and this is best verified by the fact that when he told him we would sell the same for 5.50 he asked us to make an offer for his. do we ever do business like this?

The 1810 is equal in rarity and superior in condition to the 1808 Cent in Mr Haseltine's sale which sold for $38. what do you think of this?

You state "I do think gentlemen, you are fearfully extravagant in your ~~ed~~ idea of the value of pieces I mean in asking not in giving There certainly or not or should be some conscience in coin dealers"

We cannot answer for others but for ourselves will say we have never yet put a price on a piece that we cannot prove that it is worth the price, we will give you a few instances would keep us writing for a week we will take the transactions we have had yesterday. 1st We purchased from a collector residing in Cincinnati a coin for $125. which we sold him 6 years ago for $110. and by the 2d mail we received a check which included $14 for that 1797 dollar which we sent you a few days since; from one of the most particular connoisseurs and who possesses one of the finest Collections of U.S. coins in America. The highest price we have ever received for a U.S. cent was 200. for the 1793 Wreath bright red which is recorded in our Crosscut book Cat. No. 984 for 200. thus proving our valuation.

We give good prices for coins and do not get their gains for nothing as you seem to think.

Very Respectfully
S. Hart & Chapman.

Mr. Thomas J. Collier,

Dear Sir,

Your letter of the 10th was duly received.

We enclose you list with the prices of a few pieces marked opposite. Some of these mentioned do not exist in the metals and many are of the highest rarity and worth from $50 to $150. Several we frequently have which we not in stock at present as Eta Carinæ, Alnitis, Joviannus.

Richard B. Winsor, Esq.

Dear Sir.

S. H. & H. Chapman

Your favor of 8 enclosing Bill 269.00 received and for which please accept our thanks.

The 1800 dime in such superior condition is exceedingly rare, but very rarely met with it might be safe to say that not 5 specimens are known as fine as this one.

The NE shilling is genuine beyond any question and we will so guarantee it, the counterfeits never have that appearance that it has and then it is from the proper die, if you have not one we would recommend it to you as being a very fine specimen and at a reasonable price.

A gentleman showed us some days since about 6 strictly uncirculated dollars mint lustre, sharp & without a blemish dates were (best we can recollect) 1861, 62, 64, 65, 66, 69, 70, 1, 72 would you wish to purchase at a reasonable price if we can get them? say about 175 to 200 not a less if we could so buy them.

Very Respectfully

S. H. & H. Chapman

Gen H. C. Burchard.

Director of the US Mint.

Washington. D. C.

Dear Sir.

We desire to offer through you to the U.S. Government, for the cabinet of Coins & Medals at the Philadelphia Mint the only known specimen of the US Diplomatic Medal which was presented to the French Diplomats, the Marquis de la Luzerne and the Count de Moustier by President Washington through Thomas Jefferson Secy of State and also to commemorate the Independence of the United States.

Description of Medal. Obverse, Arms of the United States; Heraldic eagle bearing on his breast the shield of the U.S., a scroll in his beak inscribed E PLURIBUS UNUM, an olive branch in right and a bunch of thirteen arrows in left talon, above thirteen stars forming the centre of a splendor of rays, around which is a circle of clouds; THE UNITED STATES OF AMERICA. Reverse. America represented by an Indian Queen seated holding a cornucopia in her left hand, at her right an anchor, a barrel and two bales of merchandise, before her stands Mercury bearing his caduceus

823

and extending his right hand, in background the ocean on which is a vessel sailing to left; TO PEACE AND COMMERCE, [illegible] IN SUPPRESSION. Size 43 16th. Bronze. Very fine Unique.

History. This medal was executed in 1791 by the French artist Dupré under the orders of Thos Jefferson Secy of State through the order of Mr Short U.S. Agent in Paris and after repeated delays one of the dies having broken twice (2) an impression in gold was presented to the Marquis de la Luzerne and another to the Count de Moustier and six impressions were struck in bronze none of which are known to the present day to be in existence with the single exception of the present specimen. In 1874 official search was made for them and for the dies both in the department, in the Mint and in the Mint at Paris but no trace of them was found nor did the French Mint at Paris possess a specimen.

Genuineness. The genuineness of this specimen is unquestioned and a personal guarantee will accompany it.

This specimen was brought to this country in 1863 and it was afterwards purchased by the late Chas S. Bushnell Esq of N.Y. City who was a diligent numismatist and prized it as one of his greatest gems valuing it at $1000.

In 1862 Col A. Loudon Snowden in an article in the Public Ledger (see vol xxiii No 2 American Journal of Numismatics page 2 herewith enclosed) relating to the medal (then just issued) of the Great Seal of the U.S. states and regrets that he does not know of the existance of one of these medals and upon our showing him ours he was quite astonished and delighted.

There has been many notices and articles on this medal quite a number of which note this identical specimen as being unique and we send them to you herewith with tags and references, In the magnificient book on "The Medallic History of the United States of America" by J. F. Loubat of N. Y. City are given all the official documents relating to it and his illustration is made from a plaster cast supplied by Mr Bushnell from this specimen; after examining the books and pamphlets please return, we also enclose a Phototype taken from our piece.

While we value it @ $1000 or even more as it is worth it, still we have concluded to place a reasonable figure upon it as we desire to see it in the Cabinet of the U.S. Mint where there certainly should be a specimen. Our price is $500.

We have sold some of the finest & rarest U.S. coins and medals and name the following as instances. Bushnell's Good Samaritan Shilling of Massachusetts

We will let Lord Aberdeen determine his own conduct in the Public Ledger (see vol. xvii. p. 2 Chronicles Journal of Humanities Lectures & Humanity Lectures) relating to the market (then just is cause) after Everard of the Old Atlas and proves that he does not know of the existence of one of their overall and rules one observing from every to a quite authentic and delightful.

F. A. Castle, Esq.

Dear Sir.

Your postal of 15 & coins returned to value of $95.50 received.

We note your offer of $15 for the Chalmers three pence and William the Conqueror penny, this is not near first cost and we cannot accept it; but to meet you we will divide the difference 15 1750 – $16.25 and then you will be getting a bargain as they are both gems.

We really do not understand your idea of conditions and would ask, have you seen many fine pieces or know in what conditions coins are usually found? you say there was not a bright red cent in the lot, how about the 1841 which was a beautiful bright red proof and what fault could be found with any of the others? when cent described as steel color it does not mean light olive, we write [illegible] understand just how you want coins, but you should bear in mind that they are [illegible] coins not known in uncirculated condition and not to expect a piece to be perfect when it is not so described.

In [illegible] settlement sale we will state, that there will be no redress on the customers but we will guarantee the coins to be as

described or if not we will not purchase.

No 619 will probably bring about $8 to $12 but we think it is a weak impression as usual.

No 702 to 710 " " " " $7 to 10 each

797 " " " " $90 It has about $75 in bullion value, and is worth from $90 to $115. It is a plate of gold

No 1157 " " " " 150 to 275

1268 " " " " $40 to $500 It equals the description but do you mind the dirt marks in field?

1212 " " " " $18 to 22.

1218 " " " " $10 to 12.

1233 " " " " $12 to 20.

1235 " " " " $7 to 10.

1238 " " " " 12 to 15.

Col. A. Loudon Snowden.

Dear Sir.

We give herewith the various points of genuineness of the Diplomatic medal which we have offered to the U. S for purchase

1st. The, rather complete history of this medal is found in the orders of President Washington, through Mr Jefferson's letters describing the design which this specimen fulfils. The work was under the care of Wm Short U.S. Agt. in Paris and whose letters in reference to it are extant.

2d. The appearance of this medal is of thorough authenticity and genuineness.

3d. It is a struck medal.

4th. It is of the style of execution of Dupré and of the color of the bronzing of the period.

5th a. The obverse is from the same die as the last trial impressions first made and now in the possession of Mr Jules Marcou and others.

b. The reverse is from a different die, which is thoroughly covered by the statement in the letter of Mr Wm Short U.S Agent at Paris that one of the dies had broken for the second

time. The absence of the name
that it being the second or third die he did not sign or, for
it is the custom with many artists not to sign a replica of
their works

6 The obverse die could not be reproduced so as to show no variation from the original.
It has been compared by Mr Jules Marcou, Mr Barber and ourselves and all agree that the obverse and reverse dies, are as above stated.

7 It could only be reproduced at great expense, and would vary from the original.

8 History of this specimen. It was brought to this Country in 1863 when its connection with our affairs and history of its [illegible] was unknown. It passed through two hands and was [illegible] Charles S. Bushnell Esq. of New York from whose collection we [illegible]

9 The question of the genuineness of this medal has never been raised by any numismatist, collector or expert who has examined it, and Mr Bushnell who possesses the finest collection of Early American coins and medals in the World stated to us that it was genuine and original.

(3)

Lastly. We the undersigned, do hereby guarantee the specimen of the United States Diplomatic Medal commemorating the Independence of the US which we have offered for purchase to the US. through the Director of the Mint for the US. collection at the Mint of Philadelphia, to be a genuine original im[illegible] and that we can substantiate the counts above [illegible]

[illegible] Chapman.

[illegible] marks

tion. The obverse of the inscription

that it being the reverse or tail side he did not argue as for it is the Creation with among prints and to argue a religion of this world

6 The reverse die could not be introduced so as to show no variation from the original.

It has been overlooked by Public Officers, the Banks and private and all agree that the obverse and reverse dies are as they stand.

7 It would only be introduced at great expense, and would not from the original.

8 History of this profession. Have brought to this Country in 1833 when the connection with our offices and history of its [illegible] was [illegible]. It found through two hands and was [illegible] of Philadelphia & Baltimore Exp. of New York from various collectors [illegible]

9 The question of the genuineness of this medal has never been raised by any numismatist, collector or print who has examined it, and has been shown to be [illegible] the finest [illegible] of Early American coins and medals in the World.

[illegible] to me that it was genuine and original.

(3)

Lastly. If the undersigned, in kindly performed the [illegible] of this Institute which Medal commemorating the [illegible] of the [illegible] which we have offered for purchase to the [illegible] through the Director of the Mint to the [illegible] collection of the Mint of Philadelphia, it be a genuine original specimen [illegible] and [illegible] for distribution the [illegible] [illegible]

Jules Marcou, Esq.

Dear Sir.

We desire to ask you to do us another kindness which will be highly appreciated.

As through you the Government was enabled to use impressions of the Diplomatic medal and to your valuable researches here and so much of the information is due; and your attainments as a critic, have caused weight to be attached to your opinions; and we would ask you to do us the favor to write to us your opinion of our bronze specimen, that the obverse is from the same die, etc. and pardon us, as favorable remarks as you may feel justified in so doing.

You may remember our impression in bronze from the same obverse die, the seal, as you have the impressions but from a different reverse die; which accounted for by the dies having been twice before used for impressions were obtained, as stated in the letter of Mr. Sho. Hill. Tyt at Paris in 1790-1.

Awaiting your reply

we have the honor to be.

Yours Very Respectfully

My dear Sir,

I have laid before the Duke of Cambridge your letter of the 26th ult. relative to the Commissariat Department, and his Royal Highness desires me to express to you his sincere regret that so many unpleasant circumstances should have occurred to deprive the Army of the services of an officer so well qualified for the duties of his office as you have been, and he trusts that you will be able to overcome the difficulties which have arisen, and that you will be enabled to return to your duties in Canada, and to remain there for the remainder of your term of service.

Yours faithfully,

Mr. Adolph Weyl,

Dear Sir,

We are waiting for the coins from the sale of October ~~and~~ or an answer to our letter of the 19th of November, to arrive.

What is the cause of this delay?

We read from your letter of Oct 19th "Please to receive the goods bought for you against the ~~little balance~~ amount of all in this entry" and would think that the coins have been sent.

We have in previous letters referred you to Messrs. W. S. Lincoln and Son 4 & 5 New Oxford St. and Mr. Wm Webster, 26 Bedford Square, London, both of whom have sent to us ~~for~~ far more valuable lots than this; and Mr. Webster about a year [illegible] to send a collection of extremely fine, selected Greek gold and silver coins [illegible] to $1000 equal M. 20,000 on approval and selection, and both [illegible] £ 3000 on approval.

We will if you desire, send upon receipt [illegible] telegraphic transfer for the amount.

In waiting your reply, we are, Yours sincerely

Dear Sir.

Your postal of 22 received, on receipt at once wrote to a gentleman who desired to sell his collection of Confed. money - to send it on, and yesterday received. We send it herewith to the amount of $10.85 less a discount of 10 p.c. at which figure they are a bargain and we would recommend you to buy the lot as it contains a great many note which are becoming very difficult to procure and we know of a collector paying a dealer in this City $10. 15 & 20. a note for some like them & in many instances in inferior condition. and at this price the gent does not get first cost & we make but a 10 p.c discount.

Let us hear your replies in regard to provision.

Can you use 1796 N.C. $2, in slaves & one $20 & 1867 Doll. coupon $1.75?

We have gone to some expense to get these notes & hope they will suit.

Very Respectfully

Dear Sir

Your favor of the 29th enclosing Cash $21 — $37.25 $16.25 received, and for which we are obliged.

Shall we send you on approval the 1840 Cent, as quoted? It is uncirculated, light blue & bright red original color wherever protected by any raised part; for this date it is an unusually beautiful piece. While the impression is not as sharp as an 1804 proved force may be, still it is very satisfactory and as you are no doubt fully aware how very rarely a fine specimen of this date is obtainable, among the finest collections in the country that it matches. Price $2, which is reasonable for it. Bushnell's not nearly so fine bill for $6. If you have not one, we think this might be a desirable acquisition.

Wishing you a Happy New Year,

I remain

Very Respectfully

Dear Sir.

Yours recd.
The marked collection $5.00 just what it costs us we would only make 10% commission, this is 50% off. The rate of Express charges on the 4 Coins would not sell $4 at $5.00 they are asking 75¢ for the 50¢ alone. nor could we take 1/ for the 50¢.
Can you use the 96 1/4 & 1/2?
Hope you will take the lot.

Dear Sir

We had fully expected to be able to pay you some money before this but have found it almost an impossibility to do any business or even get replies from our customers, since the election. One lot of $300 worth which we had sold to a Gentleman he found himself unable to pay for them on account of some business embarrassment & after keeping us waiting two months, returned them saying he hoped to be able to send for them some time this month. We will send balance just as soon as we can get some cash in. Our stock is large & fine but it has been difficult to sell for cash. We have succeeded in obtaining some rare Masonics and send them herewith. Viz on approval.

Dear Sir.

I have just received your favor of the 18th inst. & enclose a copy of a letter from Mr. Gallatin, received in return for mine.

It is perfectly true that a bill has been passed in the Senate, which would be very injurious to most persons and. Governing for this reason, I have filed a caveat in the Senate against the bill. Do you know any of the influential or respectable people at your place, & should be obliged if you would have them write to me upon the subject.

Mr. C. P. Ingersoll Esq.

Dear Sir.

We have just received a copy of your letter from Newport. It is of a similar tenor with that, in regard to the proposition of a bill in the Senate to repeal our charter. We do not believe such a measure would be carried, but it may have a bad effect in the country. We shall use every exertion against it. Mr. Girard has a bill filed against the bill in question, & we have caused a memorial to be presented, which we believe will be successful.

Our friend Mr J. C. Storrow informs us that your son takes an interest in coins and stamps. We have a very large and fine stock of the former, from coins of Aegina 600 B.C. to the latest U.S. in all metals and of many series; suitable for the beginner, student or advanced Numismatist.

We should be pleased to know what class of pieces your son desires so we could make a selection and send them [illegible] for approval and inspection.

We also have a very fine stock of Ancient, etc books and illustrated catalogues many of which might interest [illegible] interest him in [illegible] study.

Dear Sir

We notice in the review of the Warner sale (and could you not have made it more extensive with some mention of the Chronological arrangement and the fullness of the descriptive [illegible]) that you have evidentally unconsciously done us what we think is an injustice by mentioning Mr Woodwards & Messrs names as if they had surpassed us in the point of avoiding the pin marks in their plates. the fact is the plates in our Bushnell & Warner catalogues do not show pin points in anyway and in any of our other catalogues you will notice that the points of the pins only show & not the heads. Do you not think it should have been stated in the Journal that the Carrara medals were false and so described in the catalogue. We were the first to give the plates with the coins in the colors of their metals & they were immediately copied by Frossard. We recommend the Journal to every collector who enquires as to "the best paper or Journal to take" and hope it has been profitable to you. Can not our names be inserted on the cover of Jo as receiving subscriptions? Philadelphia should be represented within and New York is given two gentlemen who do business within 5 squares of

8840

each other.

We take the most advertising space of any one in the Journal and wish we could have more extensive notices of our sales when we have them. as they generally contain a sufficient number of rare pieces to make them interesting and are not a Numismatic hash made up of trash.

In reviewing Author sale, Part V. you will no doubt notice the low price No 948 Charles Carroll medal sold for, but it is accounted for from the fact that the medal was not an original but one of Dr Edwards counterfeits.

Please make the following change in our advertisement, after foreign insert "and American" which will make the read Foreign and American Coins and medals, etc ——

We hope you will see fit to make the correction about the prices in the next No of the Journal.

Wishing you a Happy New Year, we remain

Very Respectfully

(2)

You made a mistake in adding up the column as $32,35 when the figures are $43.35 also in taking No 28 @ 35¢ when it was $3.00 as you will see by the bill (3 - and) then as we returned the two lots you had previously selected and paid for, but had returned them to us, so we charge the $4.25 for the pieces retained as per previous letter dated 12/17. When we wrote that there was 125 bal due we did intending to rebill the two lots (Nelson large & lot of 3 Tillotson Pascal & Wycliffe) 3 - which would have made it right, but as you see that by your retaining both lots & we forgetting to rebill but now charging the $4.25 makes it come out right.

We send 3 old documents & 2 posters, allow us whatever you please for them and it will be satisfactory.

Wishing you a Happy and Prosperous New Year, we remain

Dear Sir.

Your favor of 5 received.

We truly appreciate your kindness in having waited. It is totally contrary to our expectations to have delayed the final payment so long, and it was at variance with our custom of meeting our obligations, but it has seemed impossible to realize cash. We have a very large and valuable stock, and could turn out a $5.000 sale without duplicates.

We would not like to give the notes but expect to pay you much before the time you set, - will send a $100. at least on next Monday or Tuesday.

We have one piece which we are offering to an institution $500. and have hopes of its going through.

We intend to have a fine sale in Spring.

We hope it will be acceptable to you to wait a little longer and we shall do all in our power to pay it as soon as possible.

Mr. B. P. Wilcomb,

We have just been informed that you sold the 1802 half dollar to another party for $5, the amount of our offer and used our quoted our letter to him, for it has been retailed to us verbatim & literatim

You asked for our offer and stated that you would sell to the highest bidder, and also "Please give me the value of it," then we informed you that if it was worth more and you would and it or we owned increase our bid. We think you have abused our ordinary confidence.

(We have not seen the coin)

P. Mongey. Esq.
Dear Sir.

We regret to inform you that through a gross error of Mr Burch's yesterday we were prevented from securing the 1808 over 1807 $ eagle in the sale.

We were the only bidder against another person and at $6.75 we understood it was being knocked down to us and were awaiting the hammer to fall thinking and believing it to be our bid, but he knocked it down to the other person; we immediately claimed it but he would not allow it to go up again & so we lost it, much to our mortification.

After the sale we & others spoke to him about it & he acknowledged his error, and a more unjust one never took place in the auction room. It was really not our fault.

We are giving it our utmost attention.

Provided for most marked sale we receive we will attend to them but fear the high $ & cents will prove to be too low.

Will watch out for an 1808 over 7 & if one get we will send it.

Very Respectfully
J. M. Chapman

Dear Sir.

Inclosed find a letter from Mr. Wm. Ward of Philadelphia, addressed to you, which I have opened, as it was directed to me, and I presume it was intended for me.

Mr. Ward's letter is in reply to one from me, in which I asked him if he could furnish me with a good Hydraulic Ram, and if so, what would be the price of it, and what would be the cost of freight to Pittsburgh. I have not received any other letter from him, nor do I know that I ever will, as I have written to him twice before, and he never answered either of my letters.

If you think the Ram would be a good one, I wish you would write him to know what it would cost me, and what would be the cost of freight to Pittsburgh.

Yours, &c.

Dear Sir

Your two letters of 9 & 12 received.

We fear your bids on sale will not secure the pieces being too low. However we will keep them if we can get them at those figures or under.

Send on the silver plate & 1807 cent with your idea of price if you have any & if not we will allow all we can. Could it not be well to send them before sale so you can know how much we can allow.

Make the 1807 cent up carefully so it will not get rubbed.

Mr. Adolph Weyl,

Dear Sir,

We received your letter dated December 24 yesterday afternoon.

It is the custom in this country to allow dealers or agents thirty days in which to make remittances, and they and the firm purchased for their patrons — without prepayment. At our Warner Sale we bought for an English dealer Mr. 1000 and sent them at once, though it was our first business with him.

In the future we will know your mode of business.

The title and preface of your catalogue had not arrived when we sent our bids and to the best of our recollection not until after the sale and we did not read it. You had sent to us a small lot without prepayment and we see in the sentence in your letter as a polite expression to see them, reading the word "city" as "entry" in writing it related to "city". To give your meaning it should have read, "Have to receive in the city, the goods bought for you against the account (written below)" You had transposed "in the city" to the end of the sentence which to us it has no meaning, and even if ~~read~~

We waited for the arrival of the coins, after the receipt of the bill dated October 19th which was received Nov. 1 and wrote on Nov. 19th asking the reason for their non-arrival and your letter is dated December 24th or delay of three weeks

It contains 3 propositions as we understand it, all to be by telegraph, 1. To send amount in full, 2. to send the balance to be paid to them $2.00 (m 800) the coins to be sent to B. Westerman & Co New York, 3. On satisfactory arrangement by telegraph.

Now to have the package sent to W & Co would be of small advantage to us, especially as they have now a man with them who has recently taken up the coin business and we would not desire them to know our affairs if it would not be in our city.

We have, however, this day, by telegraph sent to you m. 800 through the German Consul Mr. Charles H. Meyer of this city, to whom the coins are to be sent and upon their safe arrival, we will go to his office and complete the transaction and the money will be remitted the same day. This is the same as the W. & Co proposition, Mr. Meyer having kindly consented to act in this similar capacity.

We think this arrangement is fair and reasonable and that the substitution of Mr. Charles H. Meyer, German Consul, instead of

3.

Street is the best that could be made, we will be agreeable to you.

The cable gram is in S. Bleichröder Berlin for Marks 800

We will definitely the manner of our future payments in a subsequent letter.

Hoping that we now understand each other,

We — are

Robert Shiells. Esq

Dear Sir.

Your esteemed favor of 9th recieved to day, with the following enclosures Cash $37.00 Discount $4.10 Returned 37.95 } quite agreeing with your letter except that it did not contain No 26 Christina crown $3.50 No 35 Lot of 4 dimes $1.75 = $5.25. We suppose you forgot to enclose them, if this is the case please send them by registered letter.

In regard to keeping small coins from getting mixed we would suggest the three ways mentioned herewith

1. Have small strips inserted in the trays at right angles.

2. " " trays like the enclosed, made and place in the drawers

3. " " " " No 2. " " " " " " "

The advantage of the two last ways would be the ease with which you could change them about. We could not give any estimate of their cost but whatever it is we will (if you wish) keep it as low as possible. How many would you want & of what sizes? If you wanted the No 2 would you wish any more much margin around the depressed part?

We quite enjoyed your letter, but think you make too good delineations to make them from ignorance

Just purchased 3 coins we think you might like and as a letter is going enclosed (over)

Robert Mitchell, Esq
New York.

Your referees have duly received & now will be following warehouses

Good	34.00

Quite agreeing with your letter of the 17th ult. & entirely approve of your proceedings in the matter.

We authorize you to draw for the amount of this in the usual form by registered letter.

In regard to the Engineer Corps you ask for, we think it would be well to have two more sections added to it.

1. Have another strong section in the corps at right angles.
2. " " Keep the present sections, one half there in the Mission
3. " " " " " " " " " " " "

The advantage of the two last corps would be the ease with which you could change them about. We could not give any definite of their good but we believe it is no small (if you need) that we have an force available. Where would you want the 1st & 2d? If you wanted the 2d would you wish any particular Division assigned to it, please let us know.

We quite approve your letter, but think you must be good enough to write them yourself.

Such proceedings seem to us that you should give a very strong (over)

Dear Sir.

Your letter of the 26th ult. according from Washington, was received yesterday.

The Indian Treaty of 1795 with the Wyandots & the other Northern Indians, was made at Greenville.

Any of those Treaties would be well worth the purchase money, & some more in such lots.

The Tract Wyandot contains a fine lot of Coal, but will have to be at least two miles from the Canal.

Dear Sir.

Your favor of the 22nd inst. is before me.

The accounts your office is taking for the Pensioners, the "28 Cents" your letter was over charged, I do not know.

Mr. Tyler's Commission, the "28 Cents" I have charged, I have had the trouble of keeping, and paying for it. The only Commission, on the Payment of the 77 Dollars with Your Letter, I have of 10 cents being only 1/4 a Dollar, for 100 or 1000 Dollars, which I must be over paid at Washington.

Yours Respectfully
Wm. H. Harrison

P.S. Mr. Tyler's Commission, I do not know, when it is made. It is the Commission that we pay in our Territories, for the Payment of Pensioners, & it was brought by Gentlemen to "Table", I have only charged Pensioners with it.

Sir & Dear Sir,

Yours of the 4th received. We regret to not inform us the Notice Nos 3,479,481 sold for, we can not decide what action to take. We stated $4 as the limit for 479 and you state you have charged 479,481 at $5 each.

Please inform us as enclosed and what they brought, as we requested in our former letter and hold until we reply.

We have not forgotten the account nor treated it with indifference; but we have had to buy so many fine mint the last three months to prevent their going so much that it has taken all the money we had.

We will write more fully in a day or two.

Yours Respectfully

Messrs Rothschilds.

Gentlemen.

We have learned of the decease of Mr Thos S. Bryant and meaning of who may be his executor, we write to you for the information as to what disposition has or will be made of his collection of coins.

If they are to be sold we would purchase them on catalogue for sale at auction. Our sales have been very successful and have secured the highest prices that have been realized for years. We have also held the largest sale ever held in America - viz the Collection of the late Chas S. Bushnell of New York which realized the grand total of $12,950. also Warner collection last year $7,500.

Stamp enclosed for reply.

Will go to Hartford if it is necessary.

Very Respectfully

Dr. D. A. Gruber,

Dear Sir,

We duly received your letter of the 25th of June but have not had time to reply until to-day.

We would purchase your collection of coins, stamps, paper money, and antiquities; but we do not feel inclined to go to see them, unless you would pay our expense that is our fair, for we have been fooled by owners who honestly believed that their collections were valuable, though they had no world experience as to the values and the conditions of preservation in which coins exist.

If we were to make an estimate of your collection, we would make you an offer of the amount of the total of our calculations and it would be what it is worth.

Your average of $1 per piece might be very high, for common coins are sold very cheap. Last year we sold the collection of J. Warner of Cohocton, N.Y. at auction for $7405 and he expressed himself as highly pleased and satisfied, and it contained about 20000 pieces of coins that averaged common as to rarity and condition though it contained some pieces that sold for $49, $60, $55, $89, $65, $58, $40 &c.

Dr. J. M. Hanson,

Dear Sir,

We duly received your letter of the 25th of June last, and feel sorry we did not hear from you before.

We would have taken your collection, if even, at cost, if you had any, and acceptable; but we do not feel inclined at 20 to see them, unless you would keep them & allow us a fair share on sales for the trouble we may have. We think the market is very low, for this collection was valuable, therefore we feel we could be satisfied as to the value and the probability of disposing to advantage, which seems doubtful.

If we were to make an offer for your collection, we would make you an offer of the amount of the sales of our collection, and we feel inclined to make it as much.

Some years ago, if the prices ruling at any rate, we could have made a good profit. Just from an such the collection of Miller, we feel inclined to make an offer for 7 years work, we feel confident, highly liberal and satisfied, and it would be a great loss to us if we failed. We trust we shall be able to make a fair profit and consider it worthwhile some future time. We trust we shall be able to make a fair profit and consider it worthwhile.

Yours &c.

One of us will go to Bryan to examine your coins [illegible] [illegible] Expenses, &c. You to pay travelling expenses, expenses while in Bryan, and five dollars per day while absent from Philadelphia; said expense to be paid in advance the time of absence to be estimated at five days for advance payment, but subject to correction for actual time. If our offer is accepted no charge to be made for our time and the advance therefore to be refunded.

Or, send by express the coins, paper money, etc. to us and we will make the same estimate. To pack the coins take pieces of fine manilla or white wrapping paper say 12 inches wide and 15 inches long, lay across in rows, say for dollar size six pieces, fold over the end of the paper on the first row, then turn over that upon the next, and so on and will thus have a piece of paper between each coin. We can pack very rapidly in this way. Any very fine or rare pieces wrap separately. We do not care for medals or attributions so need not take trouble to keep them with the coins.

We can give you the highest reference if desired.

We sold the largest collection ever sold in this country, that of the late C. I. Cardwell Esq of New York for $13,900. in 1882.

We received the copy of the Bryan newspaper and are sorry to hear of your being so ill.

Awaiting your reply we are —

Dear Sirs

Your letter of to day received at 6 P.M.

We beg to remind you of our letter of the 3rd instant and you will see that we said we were willing to give 25% advance on the price they sold for ~~we would be willing to give them~~ but we decline them at the price asked. We thank you for the trouble you have taken in the matter.

We discovered today one of the causes of our not getting our books in for the first day. We had fixed the date in our minds as the 4th & 5th ~~from having read the title page~~ and did not look at the catalogue on Monday as our thoughts were occupied with the season ahead, meaning. But Tuesday evening we picked up the catalogue for the sake of the frontispiece (the 4th) and noticed the date on the cover to be the 3rd & 4th and immediately thought we were in error in our recollection of the date ~~and the letter sent forward~~ your letter of the 3rd. We find the dates on the cover and title do not correspond, and of which we have not been informed. It was our intention to attend the first day.

The further contents of your letter noticed and will be replied to tomorrow.

Yours &c

Messrs Bangs & Co.

Dear Sirs.

In your letter of the 6th you state "We reserve the expression of our opinion in regard to the use you have made of the money which should have come to us, until we hear from you further as promised" which considering the amount of business we have had together, — the amount of commissions we have paid you, — the smallness of the amount about $260. — our willingness to pay and have made payments as fast as we could, — and have not used the money derived from the sale of the pieces owed for as out of the bills of Oct 20 — 2 & 48/93 by actual count to day we have over $30. of them in stock, — that the sentence above quoted is we think uncalled for and improper.

Our stock is now extremely fine and extensive having costs many thousands of dollars.

The amount will be paid just as fast as we can do it and this is we expect soon.

We had two heavy sales of $300. and $300. respectively we were counting on as being as good as made, and both gentle-

Mr. Jones Young &c.

Dear Sir

In your letter of the 6th you state "We assure the gentlemen of your opinions in regard to the case you have made of the money matters have come to us well in this your for the co-operation" which concludes the argument of business we have had together — the amount of commissions we have paid you, — the auditors of the account about 200. — our arrangements to pay and have made payments as fast as our funds, — and have not asked the money deposited over the bank of the Union except to cut of the bills of Sept 20 — 24 & 25 & 26 protested cause it they have cost 30 of them in street — that we have also quoted to our friend recorded for and interest.

This letter is more satisfactory than and interesting having certain money transactions & dealers.

Government will be finally need to what to me can do it and this is not effect over.

He had two heavy bills of 300 and 300 payable in Sept. nothing on so doing so good so nicely and [illegible]

new disapointed us after having kept our coins for two months and over, they having met with reverses had to return the entire lot not taking a single piece. If they had paid as we expected we would have paid the bill on maturity - and in the mean time we have had to buy fine and rare pieces to prevent their prices becoming utterly broken, at Authors sale we bought $300. worth at ½ what they had brought at the Bushnell and Warner sales.

Yours Truly

Now disappointed as after having kept me going for two months and over, they have not with the proceeds that to return the notes left not letting a single piece of the had paid or we expected for would cover half the bill or practically - only in the Queen Street we have had to buy paint and new pieces to present this from becoming entirely useless at better such we have left 300. worth of it which they had bought at this therefore and Thomas Sales.

Dear Sir.

Your favor of yesterday received to day.

We knew we had marked them very close but to be satisfied we did so, went over the matter carefully this evening and find that we will accept your offer of 10% discount on $167.20 worth, providing you take the entire lot; or $134.50 as per numbers and prices annexed we find we could not take 10% off or in fact make any discount on them as they are marked at cost in many instances (a number being at prices we paid at your sale) and others marked at almost cost. - so this would leave the matter stand thus.

	$167.20
Less 10%	16.72
	150.48
Amt at marked prices nett	134.50
Total	$284.98

which amount is more than 5% discount on the entire lot.

We find we made an error of 2 in our favor in footing up page 3 which should have been $176.25 instead of $174.25 and the above calculation is based on this correction, and we hope will prove satisfactory to you.

Yours Respectfully

Dear Sir.

We take the liberty of sending a selection of extra fine coins to you on approval to a total amount of $220. Express charges prepaid.

We would particularly call your attention to the magnificent naked bust cent which is a most beautiful specimen far exceeding the one in Crosby collection which sold for $146. and also finer than Bushnell's and it would make a noteworthy acquisition to your fine collection. The price is low and less than we believe it could sell for at auction.
